

Management

Introduction

The design of management study program curriculum reflects the aim of the study program to adapt and anticipate the business environment changes at present and in the future. This objective is achieved by improving the student's knowledge on core subject. In this case, management curriculum gives priority on the materials which emphasize the science and art of business concepts and methods. Students are guided and encouraged to think either as manager or business leader.

With this view, graduates are expected to have potential to be manager in the future because they can demonstrate the following competences, such as: ability to develop and manage a business, ability to apply information technology application in business, knowledge of organizational perspective in organization, human resources, operations and information system management and readiness to work in various field both nationally and internationally. The Management curriculum also provide scheme and platform through 3+1 program, to support students improve both practical and managerial skill.

Method of learning use, known as a multi-channel learning model, is expected to motivated students to be long life learners as well as getting involved in social community. In this model, the students will have face to face sessions in class, then self study by using text book and CD-ROM and finally collaborative online learning. The method is intended to encourage the students to learn independently by using the technology available. Furthermore, the method opens the access for students exploring a variety of learning sources from overseas.

Vision

To be an internationally recognized business management study program with ICT driven and entrepreneurial ability

Mission

The mission of Management Department is to contribute to the global community through the provision of world-class education by :

1. Leveraging people's potential for success through altruistic academic relations and to provide challenging rewards for innovative talents
2. Educating students with a knowledge, skills and practice in International Marketing, Entrepreneurship, E-business, and business organization and prepare them for pursuing advanced degrees in management or related disciplines.
3. Creating entrepreneurial managers to lead and work in a wide variety of business contexts and industries.
4. Conducting research and professional services for international marketing, entrepreneurship, e-business and business organizations.
5. Improving competitive managerial skills through impression management, strategic and collaborative influence.

Program Objective

The objectives of the program are:

1. To provide students with fundamental knowledge in Management Science & Business that they will need in management practices.

2. To provide students with Management and Business Skills integrated with IT & high Impact Research related to business, management, marketing, finance and business organization, providing adequate tools for business analysis in these areas.
3. To prepare each student to be an entrepreneur and agent of change by utilizing knowledge & skills in international marketing and business.

Student Outcomes

After completing the study, graduates are:

1. **Management Concept:** Each student should be able to comprehend the discipline of management
2. **Concept & Skills Integration and Entrepreneurial mindset:** Each student should be able to integrate management concept and skills with entrepreneurial mindset
3. **Ethical, Social & Professional Character:** Each student should be able to exercise ethical and professional values
4. **Awareness of ICT:** Each student should be able to make use of ICT as management tool and business solution

Prospective Career of the Graduates

The graduate of the Management study program will have the skills in a wide range of professions such as in management and business consultants, as a middle manager in enterprises (including manufacturing, services, hospitals, hotels, banks, education, agri-business) as well as being an entrepreneur, all of which require the need for a thorough knowledge of information technology. By demonstrating the competencies listed above, BINUS UNIVERSITY Management graduate will be ready to face dynamic challenges of business.

Curriculum

The curriculum is based on both the National Curriculum and Management study program association that covers Management knowledge and skills as well as attitude to support core competence in the following optional subjects:

1. **E-Business:** Graduates will be expected to comprehend the design and management of new methods in business in the digital era.
2. **Business Development Management :** Graduates will be able to integrate business development and management principle into the strategic plan in the competitive dynamics of global business
3. **Business and Organization:** Graduates will be able to implement capability of taking on challenges and compete of global organization and business.
