

## **Business Information Technology**

### **Introduction**

In turbulent environment business now a days, information technology has shifted not only as complementary but as a main strategic tool to play an important role in the business competition. In Business Information Technology program that is aligned Information Technology and Business, where the focus of this program on Business Analytics and Social Media Listening. By focusing on Business Analytics and Social Media Listening, the organization is projected play an increasingly important role for helping analyze their performance and business strategies. And the impact of this will facilitate the organization running smoothly and be sustaining its competitiveness. Business Information Technology program will providing students with expertise in the development of Information Technology for solving the business problems. The graduates of this program can bridge the gap between Information Technology and Business needs that highly demand in turbulent of business environment. Business Information Technology is designed by combining 3 focus area Business Analytics, Social Media, and IT Entrepreneurship.

### **Vision**

To be global business information technology program with social informatics driven and entrepreneur mindset.

### **Mission**

The mission of business information technology program is to contribute to the global community through the provision of world-class education by:

1. Leveraging people's potential for success through creative and value-adding talents in Business Information Technology by creating a suitable environment;
2. Educating students with a knowledge, skills and practice in Business Information Technology and prepare them for pursuing advanced degrees in Business, Information Technology, Social Informatics and related disciplines;
3. Providing integrated knowledge to pursue further studies and create outstanding professionals, entrepreneurs, and leaders for a global community;
4. Conducting research and professional services in Business Information Technology with an emphasis on the application of knowledge to society;
5. Improving the quality of life of Indonesians and the international community through leveraging Business Information Technology solutions;

### **Program Objective**

The objectives of the program are:

1. To provide students with fundamental knowledge in system development skills and social informatics knowledge, combined with business and information technology platform to prepare them in and growing them through delivering business information technology that they need in helping business performance;
2. To equip students with skills and in depth knowledge of Business Information Technology related to Business, Information Technology, and Social Informatics that integrated with Business Analytics;
3. To provide students with an in depth advance understanding of the issues regarding Business Information Technology that they applied for specific industry purposes.

## **Student Outcomes**

After completing the study, graduates are:

1. Able to identify and formulate the root cause of system performance information through data analysis and information on business processes;
2. Able to identify the needs of the database for building information systems;
3. Able to design, create and manipulate and implement computer-based information systems through the study of information systems to develop a strategic plan organizations;
4. Able to design, create, manipulate and implement computer based information system for new business model;
5. Able to communicate alternative solutions development and implementation of information systems based on theory either independently or in groups in writing, designing, and prototyping;
6. Able to manage, integrate and add value to the results of data analysis to generate quality information for organization needs.

## **Prospective Career of the Graduates**

Graduates of business information technology program will have an understanding of the relationship between business analytics, social media, and entrepreneurship. Therefore, graduates will have both IT knowledge and Business skills and able to develop their career in any company but not limited to services, commerce, and manufacturing companies as well as Technopreneur. The professions that graduates can get is web analytics consultants, social media consultants, systems developer, systems analyst, business analyst, project manager, database developer, software developer, programming consultant, information manager, applications developer, and information management consultant.

## **Curriculum**

This program is designed refer to the curriculum recommended by Association for Computing Machinery (ACM) and Association for Information Systems (AIS), National and International model curriculum and guidelines for undergraduate degree program in Information systems, and A Cooperative Project of ACM, AIS, IEEE-CS. And focusing in Business, Information Technology, and Social Informatics, as a result, Graduates would be able to construct Business Analytics and Social Media Listening for any organizations to help their performance and business strategy. In addition, the curriculum has been influenced by foreign universities with a reputation for quality Business Information Technology Programs.

**Course Structure**

Sem	Code	Course Name	SCU	Total

7	<b>Enrichment Program II</b>		16	16	
8	ISYS6117	Thesis	6	6	
			<b>TOTAL CREDIT 146 SCU</b>		

\*) This course is delivered in English

\*\*\*) Entrepreneurship Embedded

**English University Courses:**

- ) For 1<sup>st</sup> Semester: English University Courses I, student with score BINUS UNIVERSITY English Proficiency Test less than 500 will take English in Focus, and student with score test greater than or equal to 500 will take English for Business Presentation
- ) For 2<sup>nd</sup> Semester: English University Courses II, student with score BINUS UNIVERSITY English Proficiency Test less than 500 will take English Savvy, and student with score test greater than or equal to 500 will take English for Written Business Communication

**Enrichment Program I (6<sup>th</sup> Semester) & Enrichment Program II (7<sup>th</sup> Semester):**

- ) Student will take one of enrichment program tracks (off campus).

**Enrichment Track Scheme**

Track	Semester 6						Semester 7					
	I	RS	ENTR	CD	SA	*etc	I	RS	ENTR	CD	SA	*etc
1			v						v			
2				v			v					
3					v		v					
4		v					v					
5	v						v					
6	v							v				
7	v									v		
8	v										v	

Notes:

- I : Internship
- RS : Research
- ENTR : Entrepreneurship
- CD : Community Development
- SA : Study Abroad
- \*etc : Department specific needs

Notes:

Student can choose one of the available tracks

**Enrichment Internship Track**

Code	Course Name	SCU	Total
<b>Enrichment Program I</b>			15
ISYS6215	Experience in Industry	8	
COMM6225	Business Communication	3	
ISYS6192	Requirement and Solution for Information Systems	4	
<b>Enrichment Program II</b>			16
ISYS6347	Professional Program in Industry	8	
BUSS6057	Business Ethic	4	
ISYS6193	Design and Evaluation for Information Systems	4
