

Visual Communication Design - Creative Advertising

Introduction

Creative Advertising S1 Program aims to provide good creative education for future creative people in the advertising industry, allowing them to work together in creative teams to produce the best contemporary visual design for advertising.

In this Program, future students will learn how visual communication design artworks are created, and also about the formulation of creative ideas needed in commercials that are based on design theories and have historical perspectives.

We will help students strengthen their design ability and idea creation by also providing classes in marketing introduction, consumer psychology, copywriting, and media. That way, students will have a good understanding of a complete and thorough commercial campaign.

Vision

A world-class Visual Communication Design department, delivering world challenge ready designers with distinctive feature in local values and maximizing information technology.

Mission

The mission of Visual Communication Design are to:

1. Educating visual communicators in the fields of new media, animation and creative advertising who highly exemplify creative spirit and commitment to professional attitudes;
2. Preparing students for strategic positions in service industries with strong sense of ethics and entrepreneurship as a contribution to the society at large;
3. Improving the quality of life of Indonesians and the international community through a good design;
4. Recognizing and rewarding the most creative and value-adding talents;
5. Conducting professional services and designing creative product in visual communication design fields with an emphasis on application of knowledge to the society.

Program Objective

The objectives of the program are:

1. To provide students with principal know-how of creative visual communication, it's historical and cultural significance, and its core technology. Together they should form in each student a solid ground for well-informed practice or further study;
2. To educate graduates who are capable of producing Creative Advertising portfolios that vividly demonstrate workmanships, creativity, conceptual insights, and attitudes of a professional design standard.

Student Outcomes

After complete the study, graduates are:

1. Able to create printed and digital Visual Communication Design work that has added value and aesthetics, to overcome identity problems, mass communication, and competition problems by stakeholders;
2. Able to conduct research and idea exploration to set the objectives, communication target, and Visual Communication Design prototype solutions that can overcome identity problems, mass communication, and considering the ethical, history, cultural, social consequences and regulations;
3. Able to analyze level of material utilization efficiency and time in the production process of each selected alternative solution prototype of Visual Communication Design, without changing the essence and aesthetic design;
4. Able to communicate Visual Communication Design prototype alternative solutions independently or groups in verbal form, graphical, written, and communicative models with analog or digital techniques by selected appropriate communication rules;
5. Able to build a business in visual communication field;
6. Able to develop creative ideas that set fort cultural values and local indigeneity as his/ her national identity;
7. Able to use information technology to support creativity in order to explore advertising media;
8. Able to use product values and consumer's needs in order to produce relevant visual communication ideas;
9. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

After graduating from this Program, there are so many promising career paths in the creative industry that are ready to be occupied. Most graduates are now working in advertising agencies, e-commerce business, design studios, photography studios, illustration studios, production houses, event organizers, media industries, and in-house design at companies. Some of them were even able to commence their own start-up creative business.

Curriculum

There are five main categories in Creative Advertising program:

1. Fundamental Design (Semester 1-2)

Students explore the theories and design practice in terms of: design elements & principles, layout, semiotics, visual language, aesthetics, design value, the matters of size, composition, design materials, colors, as well as character building.

2. Design Execution and Computing (Semester 3-4)

Students explore the theories and design practice in terms of: computer graphic, printing techniques, Digital Imaging, illustration, photography, videography, website, and motion image.

3. Ideation, Art Direction & Design Integrated (Semester 4-5)

In this term, student's ability in problem solving is required. To what extent students gather several data, bring them into the idea development methods, and last but not least, present the idea into several media integrally. It will be supported by some courses, such as marketing and consumer behavior, ideation and art direction, advertising media, and entrepreneurship.

4. Enrichment Program (Semester 6-7)

Enrichment program of Creative Advertising aims to gain student's soft skills regarding teamwork, leadership, and professional attitudes, as well as their hard skills in implementing the knowledge they acquired from classroom. In the 6th semester, students will have a four months internship experience in the advertising industry or other creative industries. Meanwhile, in the 7th semester, students will have more opportunities (five different tracks), including: internship for industry experience, community development in social issues, entrepreneurship to build start-up business, research, and study abroad to enrich cultural experience.

5. Final Project (Semester 8)

In the last semester, students are required to solve a problem through an integrated campaign. Both design concept and strategy will be put in the academic paper. In addition, students need to implement their ideas into a complete creative display. It aims to evaluate student's abilities in data analysis, idea development, problem solving, and design execution.
