

Visual Communication Design - New Media

Introduction

Students are provided with unique capabilities of information technology that can support their future career aspiration in Visual Communication Design by having proficiency in skill & knowledge in synergizing the print, digital, and interactive media. Students can apply their capabilities in a variety of visual communication cases; UX design, brand & branding, information design, design for public, photography, illustration, typography and web design into interactive new media design.

Vision

Visual Communication Design Study Program that produces world-class designers who are able to foster and empower the society, expertise in creative technology and elevating the local values.

Mission

The missions of Visual Communication Design Department are:

1. Educate prospective visual communication designers who have commitment to a professional attitude and aware with the local values.
2. Prepare students to be able to occupy strategic positions and be recognized in the industrial / professional world while still upholding professional ethics and being able to contribute to Indonesian society.
3. Fostering cooperative relationships with various parties both national and international to always maintain the proficiency of the knowledge for the students.

Program Objective

The objectives of the program are:

1. Provide graduates with a global mindset who have Visual Communication Design knowledge that carries the values of local wisdom, technology, and entrepreneurship so that they are able to work and be accepted by the creative industry, society, and the nation through the application of knowledge that is utilized with communication and information technology.
2. To educate graduates who are capable of producing new media design portfolios that vividly demonstrates, conceptual insights, creativity, workmanship and attitudes of a professional design standard.

Student Outcomes

After complete the study, graduates are:

1. Able to create printed and digital Visual Communication Design (VCD) works that have added values and aesthetics to overcome problems of identity, mass communication, and competition faced by stakeholders;
2. Able to conduct research and idea exploration to set the objectives, communication targets, and Visual Communication Design (VCD) prototype solutions that can overcome problems of identity, mass communication, and competition by considering the ethical, historical, and cultural aspects, as well as social consequences, regulations, and technology;
3. Able to analyze the efficiency of material utilization and time in the production process of each selected Visual Communication Design (VCD) alternative solution prototype without changing the essence and aesthetic design;

4. Able to produce DKV work designs with cultural values and local wisdom through understanding global design trends that are in accordance with design objectives;
5. Able to produce technology-based design prototypes and creative visual communication concepts with the novelty of integrated media as design solutions;
6. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Curriculum

New Media Program of Visual Communication Design – School of Design implements the 3+1 Enrichment Program with the fundamental mindset to ensure the future career of the students to become the future creative entrepreneur and ready to enter the creative industry. The Enrichment Program will be on the 6th and 7th semesters with 5 different tracks; internship for industry experience, community development in social issues, entrepreneurship to build start-up business, research and study abroad to enrich the cultural experience. After completing the 3+1 Enrichment Program, students have refined their experiences in hard skill and have improved greatly in their soft skill. 1 year of hands-on-the field design experience in implementing the knowledge they acquired during their study, will become the student's point of departure to achieve their future career aspiration.

Students start the study in the early stages trained as a visual hard skill and visual language vocabulary. The study program will continue with using the hard skill and visual language in different cases in interactive new media design. At the end of the study, the students will create a holistic visual communication design project with visual design-based solution for real issues in society.

New Media Program strives for the student to have a global mindset, open-minded in collaboration, tech-savvy and passionate in Indonesia's local values as Indonesia's distinctive competitive advantage in recent connected network society.
