

Finance

Introduction

The Finance Program has been designed in accordance with accounting and finance industry practices. This program provides the student with accounting knowledge that equipped with Finance skills. Students will explore core elements of accounting in detail through financial and managerial accounting, auditing, taxation, as well as focus in finance skills in financial services, corporate finance and investment management. The program responds to the expectation of the modern accountancy and finance profession by offering an internship placement in related fields. The program also accredited and recognized by professional accountancy and finance bodies. The curriculum provides students with technical expertise in the field and develops critical thinking, team-building, problem solving, communication, business process and organization and also information technology skills.

Vision

A leading and innovative Finance Program in the world that cooperates closely with accounting & finance industry and related institutions to produce professional accountants with extensive business, investment and information technology (IT) expertise.

Mission

The mission of Finance Program is to contribute to the global community through the provision of world-class education by:

1. Recognizing, nurturing and rewarding the most creative and value-adding Finance educators and students.
2. Educating students with the fundamental skills, knowledge and practice of finance and accounting in order to prepare graduates to be professional in finance industries and prepare them for pursuing advanced degrees in finance or related disciplines.
3. Creating global leaders who distinguish themselves as professional with extensive business finance, investment and IT knowledge in their work organization and communities.
4. Contributing to the improvement of the body of knowledge in finance practice in Indonesia and international global communities.
5. Conducting research, professional service and career development in finance and accounting with an emphasis on the application of knowledge and quality of life.

Program Objective

The Objectives of the program are:

1. To prepare students with solid technical skills and conceptual knowledge of accounting and finance.
2. To prepare students with organizational and business knowledge to succeed in a career in accounting & finance.
3. To equip students with information technology knowledge that is in demand by finance and accounting industries.

Student Outcomes

After completing the study, graduates are:

1. Able to prepare financial reports for business entities based on current Global Generally Accepted Accounting Principles (GGAAP).
2. Able to prepare management reports based on accounting knowledge to support planning, controlling, and decision-making.
3. Able to analyze financial statements, management reports, business and control risks and give the recommendation to improve the effectiveness of entities' financial performance.
4. Able to organize audit field work in accordance to Global Generally Accepted Auditing Standard (GGAAS).
5. Able to analyze and give recommendations to improve the effectiveness of accounting information system.
6. Able to conduct analysis of managerial finance for planning and decision making in the company.
7. Able to evaluate investment decision to produce a strategic decision in a company or advisory to clients.

Prospective Career of the Graduates

As rapid grow in the finance industry, demand for finance graduates is enormous and varies. Graduates from finance program have opportunities to work in various industries, including accounting and finance industry such as financial services and investment companies, corporates as well as accounting firms.

Curriculum

The Finance Program has been developed to provide an education with high quality standards. Students will learn about accounting, financial services, corporate finance and investment management in domestic and international perspectives. The curriculum offers internship placement for one year, also accredited and recognized by professional accountancy and finance bodies to prepare students to access job markets across the nation.
