

Finance

Introduction

The Finance Program has been designed in accordance with accounting and finance industry practices. This program provides student with accounting knowledge that equipped with Finance skills. Students will explore core elements of accounting in detail through financial and managerial accounting, auditing, taxation, as well as focus in finance skills in financial services, corporate finance and investment management. The program responds to the expectation of the modern accountancy and finance profession by offering internship placement in related fields. The program also accredited and recognized by professional accountancy and finance bodies. The curriculum provides students with technical expertise in the field and develops critical thinking, team-building, problem solving, communication, business process and organization and also information technology skills.

Vision

A leading and innovative Finance Program in the world that cooperates closely with accounting & finance industry and related institutions to produce professional accountants with extensive business, investment and information technology (IT) expertise.

Mission

The mission of Finance program is to contribute to the global community through the provision of world-class education by :

1. Recognizing, nurturing and rewarding the most creative and value-adding finance educators and students.
2. Educating students with the fundamental skills, knowledge and practice of finance and accounting in order to prepare graduates to be professional in finance industries and prepare them for pursuing advanced degrees in finance or related disciplines.
3. Creating global leaders who distinguish themselves as professional with extensive business finance, investment and IT knowledge in their work organization and communities.
4. Contributing to the improvement of the body of knowledge in finance practice in Indonesia and international communities.
5. Conducting research, professional service and career development in finance and accounting with an emphasis on the application of knowledge and quality of life.

Program Objective

The objectives of the program are :

1. To prepare students with solid technical skills and conceptual knowledge of accounting and finance.
2. To prepare students with organizational and business knowledge to succeed in a career in accounting and finance.
3. To equip students with information technology knowledge that is in demand by accounting and finance industries.

Graduate Competency

At the end of the program, graduates will be able to :

1. Prepare financial reports for business entities based on Global Generally Accepted Accounting Principles (GGAAP).
2. Organize audit and other assurance services in accordance to Global Generally Accepted Auditing Standard (GGAAS).
3. Generate performance operation reports based on managerial accounting knowledge to support planning, controlling, and decision-making.
4. Apply taxation knowledge, including taxation planning, compliance, and reporting in different tax problems and scenarios.
5. Apply knowledge of managerial finance, Financial markets, and investment analysis for corporate planning and decision making, business and investment purposes.
6. Apply and analyze the organizational and business environment in which employers and clients operate.
7. Apply and analyze the effectiveness of information technology related to the implementation of appropriate systems, process, controls and solutions in a business environment.

Prospective Career of the Graduates

As rapid grow in finance industry, demand for finance graduates is enormous and varies. Graduates from finance program have opportunities to work in various industries, including accounting and finance industry such as professional accountant, financial services, and corporate finance.

Curriculum

The Finance Program has been developed to provide an education with high quality standards. Students will learn about accounting, financial services, corporate finance and investment management in domestic and international perspectives. The curriculum offers internship placement for one year, also accredited and recognized by professional accountancy and finance bodies to prepare students to access job markets across the nation.
