

## English

### Introduction

In globalization era, the roles of technology and knowledge are increasingly important because both are principal factors in the development of all sectors. The two stand together, support each other and are essential for participation in the global economy. The rapid development of technology makes for a borderless world and increases the need for speakers of foreign languages in order to bridge the communication gap between countries. Therefore, to succeed in communication and technology is to succeed in the international competition. English language proficiency is one way of supporting this.

The English study program consists of language and literature studies that develop the capability of thinking in an analytical, logical and creative manner. In addition, each student is prepared to become a person, with high integrity and good character. To attain this, the English study program is designed to meet the demands of the market and industry for skilled and qualified English graduates. As such, the English study program aims to achieve the following objectives.
