

Information Systems & Management

Introduction

The dual study program in Information Systems and Management which combines Information Systems and Management subjects aims to anticipate the knowledge-based economy in the future characterized by the use of IT application. Information Technology in the business world has shifted towards a more outward-looking characteristic and focused on the increased competition in the free market. Information technology and the business world are closely related considering that Information technology and Information Systems share the role of supporting the organizational activities. They do this by increasing the efficiency of the internal processes in a company and by strengthening the competitiveness of the company, as well as by contributing to the problem solving and decision-making by management.

Vision

A world class study program that excels in providing high-level Information system education is specialized in business-IT, recognized internationally, and champions innovation.

Mission

The mission of Double Degree are to:

1. Nurturing students and lecturers with creative and value-adding talents in Information System by creating a suitable environment;
2. Educating students in information systems, covering knowledge and skills in analyzing, designing and implementing information systems for improving business processes and to be able to create an innovative and valuable information system solution, through intensive learning process, research activities and collaboration with global industries;
3. Providing integrated knowledge to pursue further studies and create outstanding professionals, entrepreneurs, and leaders for a global community;
4. Providing professional services in Information System with an emphasis on the application of knowledge to society;
5. Fostering the quality of life of Indonesians and the international community through leveraging Information system solutions.

Program Objective

The objectives of the program are to:

1. Equip students with the expertise and solid basic knowledge about system development that will be needed as a professional in the field of information systems, as well as increasing the skills and knowledge of educators in the information systems field;
2. Preparing students with proficiency and in-depth knowledge of innovative information systems related to IT-Business Innovation;
3. Equip students with the ability to use knowledge of applied business applications for specific industrial purposes;
4. Equip the community with expertise and knowledge through the use of information system solutions;
5. Provide education to the public regarding the use and application of information systems.

Student Outcomes

After completing the study, graduates are:

1. Able to comprehend business and management concept;
2. Able to work innovatively by applying their adept thinking, entrepreneurial, and ICT skill;
3. Able to perform global mindset in exercising business concept;
4. Able to apply ethical and professional values;
5. Able to analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions;
6. Able to design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline;
7. Able to communicate effectively in a variety of professional contexts;
8. Able to recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles;
9. Able to function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline;
10. Able to support the delivery, use and management of information systems within an information systems environment;
11. Able to integrate information systems/technology utilization in solving business problems;
12. Able to apply information system in business strategy;
13. Able to apply digital transformation in business;
14. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

Possible professions for graduates include Information System Corporate Planner, Business/Entrepreneur in Technology, and Digital Business. Additional professions include Information Systems department manager, Manager of Information Systems development project, System Designer, and IT/IS consultant.

Curriculum

The dual study program for Information Systems and Management developed its curriculum based on the Vision and Mission of Bina Nusantara University. The curriculum has been influenced by the Association for Computing Machinery (ACM), Association for Information Systems (AIS), and the curriculum of foreign universities that have an international reputation in Management study programs and business (AACSB accreditation). The successful candidate will get a double degree, which is S.Kom. and S.E.

*) This course is delivered in English

**) Global Learning System Course

***) Entrepreneurship Embedded

Free Electives:

-) For Free Electives, students are required to choose from the list of Free Electives in Appendix.

English University Courses:

-) For 1st Semester: English University Courses I, students with Binus University English Proficiency Test score less than 500 will take English in Focus, and student with test score greater than or equal to 500 will take English for Business Presentation.

-) For 2nd Semester: English University Courses II, students with Binus University English Proficiency Test score less than 500 will take English Savvy, and students with test score greater than or equal to 500 will take English for Written Business Communication.

-) Students should pass English Savvy with a minimum Grade is C.

Pre-thesis (2 SCU) & Thesis (4 SCU) can be taken in the 7th and/or 8th semester by the students who meet the requirements from the Study Program/Program

Appendix: Free Electives (7th Semester)

Because free electives will be implemented on the 7th semester data will be collected in 2023

Enrichment Program (8th Semester):

-) Student will take one of enrichment program tracks (off campus). See enrichment appendix for the tracks detail.

Enrichment Track Scheme

Track	Semester 8						
	IN	RS	EN	CD	SA	IS	etc
1	v						
2		v					
3			v				
4				v			
5					v		
6						v	
7							v

Note:

IN : Certified Internship

RS : Certified Research

EN : Certified Entrepreneurship

CD : Certified Community Development

SA : Certified Study Abroad

IS : Certified Specific Independent Study

etc : Study Program Special Purposes

Description:

Student will take one of enrichment program tracks

Students who failed in Enrichment Program I can retake with the same track or change into another track. As for Enrichment Program II, student who failed with Certified Internship, Certified Research, Certified Community Development, and Certified Study Abroad track on Enrichment Program II, can retake with the same track or change into another track. However students who take **Certified Entrepreneurship** track on Enrichment Program II, should **retake with another track**.

Certified Internship Track

Code	Course Name	SCU	Total
BUSS6044003	Internship	8	20
BUSS6207003	Technopreneurship Application	8	
BUSS6187003	Technopreneurship Paper	4	

Certified Entrepreneurship Track

Code	Course Name	SCU	Total
ENPR6187003	New Venture Initiation in Information Systems	8	20
ENTR6596003	Product Development Process for Information Technology Business	8	
ENTR6953003	EES in New Information Systems Business	4	

Certified Research Track

Code	Course Name	SCU	Total
RSCH6204003	Research Experience	8	20
RSCH6575003	Scientific Writing in Information Systems Research	8	
RSCH6467003	Information Systems for Global Employability and Entrepreneurial Skills	4	

Certified Community Development Track

Code	Course Name	SCU	Total
CMDV6118003	Community Outreach Project Implementation	8	20
CMDV6349003	Community Outreach Project Design in Information Systems	8	
CMDV6263003	Employability and Entrepreneurial Skills in Information Systems	4	

Certified Study Abroad Track

Code	Course Name	SCU	Total
Elective courses list for study abroad*			20
