Curriculum

The Curriculum of Business Creation Program has a unique point and was designed to prepare graduate students' readiness to apply their entrepreneurial knowledge and to start a new business. The curriculum is designed based on the Entrepreneurial Process consist of Idea Generation & Opportunity Discovery; Designing Business Model & Business Plan; New Venture Creation and Business Development. Using experiential, action-based and project-based learning, students will learn about identifying opportunities that offer the potential to grow a business; evaluating opportunities, analysing the competition and minimising risk; and starting a new business. Students will understand how to design a business model & write business plan that generates strong revenue streams; how to protect intellectual property; how to make the best potential investment deals including how investment deals work and how to think and act in an entrepreneurial manner.

The student will gain access to mentoring expertise from both investors and entrepreneurs; networks and people who can help students make the dream to a reality; the opportunity to pitch to the investment community and gain feedback and the chance to submit your business plan to be considered for initial investment. In supporting the entrepreneurial learning, students are provided with a wide range of the entrepreneurial competition, which consists of Business Idea Competition, Creative Selling Competition, Business Model Competition, Business Plan Competition and Business Pitch Competition. In addition to the competition and mentoring, the students will also be facilitated by entrepreneurial activities such as speaking opportunities; sharing session; workshop & seminar; entrepreneur club; industrial visit; boot camp and exhibition. At the end of the study period, students are required to compile a thesis on the analysis of a business performance that has been run in the sixth and seventh semesters and design a business plan for the next five years.
