

Accounting Program (Bekasi Campus)

Introduction

The Accounting Technology Program in Bekasi Campus is a unique program which focuses on how accounting interacts with the latest development in accounting technology. The Program has been designed with the future in mind to anticipate rapid changes in technology that result in a disruption, including big data analytics and fin-tech. The Accounting Technology Program curriculum provides you with technical expertise in the field of traditional accounting and develops your critical thinking, team-building, communication and information technology skills. As part of the BINUS UNIVERSITY – Accounting Study Program, the Accounting Technology Program in Bekasi is accredited with a grade of UNGGUL by the National Accreditation Board. The Program is also internationally accredited by HEEACT (Higher Education Evaluation and Accreditation Council of Taiwan)

Vision

A world-class undergraduate Accounting Study Program that produces professional accountants with business skills, data science analysis, and applied information technology (IT) expertise with the continuous commitment of fostering and empowering the society.

Mission

The mission of undergraduate Accounting Technology Program is to build the nation and to contribute in global community development by providing world class education by means of:

1. Educating Accounting students to develop exemplary characters and professional competency in the area of accounting through holistic approach that meets global standards;
2. Resolving the nation's issues through high impact research in the area of accounting;
3. Fostering BINUSIAN within Accounting study program as lifelong learners through self-enrichment;
4. Empowering BINUSIAN within Accounting study program to continuously improve society's quality of life.

Program Objective

The objectives of the program are:

1. Preparing accounting students to have professional skills, high integrity, care for society's, global minded and responsive to scientific and technological advances required by industry;
2. Preparing accounting students with strong technical skills in creating and analyzing financial and non-financial data to fulfill accounting information;
3. Preparing accounting students with organizational skills, communication, and business knowledge to succeed in accounting careers.
4. Preparing students with adaptive skill on technology-based Accounting.

Student Outcomes

After completing the study, graduates are:

1. Able to interpret the entity's financial statements by applying accounting principles to transactions in accordance with the IFRS converged Financial Accounting Standards and the prevailing ETAP financial accounting standards;
2. Able to analyze performance reporting according to accounting principles as the basis for planning, controlling and decision-making by entity management to increase the effectiveness of organizational performance;

3. Able to carry out the audit process and use of accounting information systems for auditing financial statements according to Generally Accepted Auditing Standards (GAAS) and International Standards on Auditing (ISA);
4. Able to apply tax obligations for the Monthly Taxes and Annual Taxes in accordance with the tax regulations in Indonesia;
5. Able to apply technology-based financial reports and audits for decision making;
6. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

Demand for accounting graduates remains active and high. The Accounting Technology Program at Bekasi Campus closely ties to local, national and international firms giving students a competitive edge in the job market. The Program prepares students for professional careers in a public accounting firm, corporate and government institutions; banks and consulting firms. The graduates can also continue their studies in a Master's Program (S2) in Indonesia or abroad. Furthermore, they can also become a professional accountant by taking the Chartered Accountant exam, and then become a professional auditor by taking the Indonesian Certified Public Accountant/ICPA. Furthermore, graduates will be able to work for various local and international companies in many industries.

Curriculum

The Accounting Technology Program at Bekasi Campus has been developed to provide education with high-quality standards. The curriculum is designed based on the development of the National and International Accounting Association, sciences and practices related to government regulation, economics and information technology. The purpose is to support students to become professional and highly competent accountants with unique exposure to accounting technology.

¹⁾ This course is delivered in English

²⁾ Global Learning System course

-) (AOL) - Assurance of Learning Process System

-) (AIE) – Artificial Intelligence Embedded Course

Minor/Free Electives:

-) For 5th Semester: Students are required to choose Minor Program or Free Electives. For Free Electives, students are required to choose from the list of Free Electives in Appendix.

Foreign Language Courses:

Students will take foreign language courses according to Beelingua Placement Test results. See foreign language courses appendix for the details. Students must pass with a minimum Grade of C.

Appendix Foreign Language Courses

Foreign Language Courses		SCU
ENGL6253020	English for Frontrunners	0
ENGL6254020	English for Independent Users	0
ENGL6255020	English for Professionals	0
JAPN6190020	Basic Japanese Language*	0
CHIN6163020	Basic Chinese Language*	0

*) This course is optional for students

1. Students with Beelingua Placement Test score less than 60 are required to take English for Frontrunners and English for Independent Users.
2. Students with Beelingua Placement Test score between 60 and 99 are required to take English for Independent Users and English for Professionals.
3. Students with Beelingua Placement Test score greater than 99 are required to take English for Professionals. Additionally, students may choose to take either Basic Japanese Language or Basic Chinese Language.
4. Students are required to pass the foreign language courses before they take enrichment.
5. Students can see the requirements to pass the foreign language courses at BINUSMAYA – Beelingua.

Pre-thesis (2 SCU) & Thesis (4 SCU) can be taken in the 6th and/or 7th semester by the students who meet the requirements from the Study Program/Program

Minor Scheme

Minor Program	Semester 5
Minor @ Binus Kemanggisian	
Blockchain Technology and Business	v
Creative Digital Storytelling	v
