

Accounting

Introduction

The Accounting Study Program has been designed with future in mind, and it has won the support of the profession and potential employers. The Accounting Study Program has strong collaboration with Indonesian Institute of Accountants (IAI Global), Indonesian Institute of Public Accountants (IAPI), Indonesian Tax Office (Ditjen Pajak), Chartered Institute of Management Accountants (CIMA), Institute of Chartered Accountant in England and Wales (ICAEW), Association of Chartered Certified Accountants (ACCA), CPA Australia, and also enjoys widespread support from major employers, such as the Big 4 accounting firms. Our state-of-the-art curriculum provides you with technical expertise in the field and develops your critical thinking, team-building, communication and information technology skills. BINUS UNIVERSITY Accounting Study Program is accredited with grade A by the National Accreditation Board.

Vision

A leading and innovative Accounting & Finance department in the world that cooperates closely with accounting & finance industry and related institutions to produce professional accountants with extensive business, and information technology (IT) expertise.

Mission

The mission of Accounting and Finance Department is to contribute to the global community through the provision of world-class education by:

1. Recognizing, nurturing and rewarding the most creative and value-adding accounting and finance educators and student;
2. Educating students with the fundamental skills, knowledge and practice of accounting and finance in order to prepare graduates to be professional accountants in various industries and prepare them for pursuing advanced degrees in accounting, finance or related disciplines;
3. Creating global leaders who distinguish themselves as professional accountants and finance with extensive business and IT knowledge in their work organization and communities;
4. Contributing to the improvement of the body of knowledge in accounting and finance practice in Indonesia and global communities;
5. Conducting research, professional service and career development in accounting and finance with an emphasis on the application of knowledge and quality of life.

Program Objective

The objectives of the program are:

1. To prepare students with solid technical skills and conceptual knowledge of accounting and finance;
2. To prepare students with organizational and business knowledge to succeed in a career in accounting & finance;
3. To equip students with information technology knowledge that is in demand by the accounting and finance industries.

Student Outcomes

After completing the study, graduates are:

1. Able to independently prepare an audit working paper through the collection and summary of audit evidence on the financial statements of commercial entities in accordance with audit standards and statutory provisions that apply in the audit of financial statements;
2. Able to supervise evaluating audit evidence on financial statements and supporting data of commercial entities in accordance with audit standards and statutory provisions that apply in the audit of financial statements;
3. Able to independently interpret the financial statements of a separate entity by applying accounting principles to transactions in accordance with general financial accounting standards and applicable ETAP financial accounting standards;
4. Able to supervise interpreting the consolidated financial statements of an entity by applying accounting principles to transactions in accordance with general financial accounting standards and applicable ETAP financial accounting standards;
5. Able to independently prepare reports on the results of analysis of financial and non-financial information and related disclosures that are relevant and reliable for managerial decision making by applying accounting and financial analysis techniques and methods;
6. Capable of supervising compiling investment and funding reports, which include reports on cash and working capital requirements, proforma financial reports, capital budgeting reports, which are relevant for financial and investment decision making by applying financial and investment management techniques;
7. Able to independently analyze management accounting reports, including planning and budgeting, cost management, quality control, performance measurement, and benchmarking, which are relevant and reliable in supporting decision making and management control by applying management accounting techniques;
8. Able to independently design business processes in an accounting information system that supports the provision of information technology-based information to support management control and organizational decision making;
9. Able to independently prepare tax report for both individual taxpayers and corporate taxpayers by calculating and carrying out tax reconciliation in accordance with applicable taxation laws in Indonesia;
10. Able to independently operate software in the framework of preparing financial statements, budgets, tax administration, auditing, and research;
11. Able to perform various types of audits such as financial statement audits and management audits in accordance with applicable standards to detect potential fraud so as to provide recommendations or opinions on audit findings;
12. Able to recommend solutions to clients related to taxation issues in accordance with tax legislation;
13. Able to make strategic decision making for business sustainability with a financial approach and non-financial approach;
14. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

Demand for accounting graduates is strong, and the Accounting Study Program closely ties to local, national and international firms give students a competitive edge in the job market. The program prepares students for professional careers in public, corporate and governmental accounting; personal financial planning and portfolio analysis; and consulting. The graduates can also continue their studies to a Master Program (S2) in Indonesia or abroad. Furthermore, they can also become a Chartered Accountant, and then take a professional certificate such as Certified Public Accountant/CPA and open their own CPA office. In addition, the graduates are able to work for a variety of local and international companies operating in the industries of manufacturing, trading, banking, insurance, public and government institutions, hospitality and service industry and much more.

Curriculum

The Accounting Study Program has been developed to provide an education with high quality standards. The curriculum is based on the development of the sciences and practices related to government regulation and National and International Accounting Association, economics and information technology. This is to assist students to become highly competent professional accountants. In order to provide students with a deeper understanding in the accounting specialization, the Accounting Study Program offers three program concentrations that can be taken by students.

Program concentration in: Taxation

This concentration program is provided for students who want to deepen not only their knowledge of concepts and techniques of accounting as their core competence but also all aspects of taxation as their specialized competence in preparing for the global economy and tax digitalization. The students will learn about the Concepts of taxation, Basic tax law, Procedures of calculation, payment and reporting for Personal and Corporate income tax, Regional taxes and Regional Charges, Sales Tax and Customs, Tax accounting, Mechanism of Tax Audit, Mechanism of Tax Law Enforcement and Tax management strategy also learn to practice the online taxation system application for monthly and annual tax return. Moreover, to complete their understanding, they are also encouraged to take tax licenses/certificates of Tax Brevet A, B, and C (or BKP/Bersertifikat Konsultan Pajak).

Program concentration in: Auditing and Fraud Examination

This concentration program is provided for students who want to expand their understanding of concepts, principles, techniques, and methods of auditing. For this, they will learn about all aspects of auditing, including types and techniques of auditing, computer-assisted audit technique, and fraud examination, including prevention and detection. Therefore, after graduating, they will have a broad sense of auditing and be able to work as an auditor – either as an internal auditor working for a company or as an external auditor working for a public accountant firm. In the future, the students can have professional certification in auditing such as Indonesia CPA (Certified Public Accountant) for external auditor and CIA (Certified Internal Auditor) for international internal auditor certification or QIA (Qualified Internal Auditor) – for local internal auditor certification and Certified Fraud Examiner (CFE).

Program concentration in: Business and Corporate Sustainability

This concentration program is designed for students who want to learn more about how to provide managers with the basis to make informed business decisions that will allow them to be better equipped in their management and control functions. Therefore, the students will learn about business strategy, corporate sustainability, and information on the costs of an organization's products and services, budgets, performance reports and other information which assist managers in their planning and control activities. In the future, students can take professional certification such as Chartered Institute of Management Accountant (CIMA) and Certified Management Accountant (CMA) for international managerial accounting certification.
