

International Relation Global Class

Introduction

The dynamic of the development of international affairs has shown a remarkable pace. Hence, the need for International Relations graduates to work in the field is always high. BINUS UNIVERSITY wishes to contribute to the development of Indonesia through its competent and skillful International Relations graduates.

Vision

To become a world class International Relations education and research institution focused on Asia Pacific that contributes to world peace and prosperity.

Mission

The mission of International Relations are:

1. To educate students with the fundamental knowledge, understanding, skills, analytical tools, and practices of International Relations by providing an excellent teaching with a world class standard curriculum;
2. To be part of a widely-recognised strategic cross sectors-networks of International Relations in order to serve Indonesia's national interest in the global community;
3. To conduct research with rigorous and cross-disciplinary approach towards the state of the art of International Relations studies underpinned by an outstanding research environment;
4. To equip students with key diplomatic and negotiation skills in foreign languages to prepare them for future careers in a dynamic international environment.

Program Objective

The objectives of the program are:

1. To provide students with a solid foundation of knowledge and understanding of International Relations theory and research skills that will be beneficial in analysing international affairs;
2. To provide students with broader scope and depth of academics and horizon through shared knowledge, experience and connection to the global players in public, private and non-profit sectors;
3. To prepare students with understanding of International Relations' contemporary issues, information and communication skills, foreign languages capability, and basic skills of negotiation and diplomacy successfully employed into practices of International Relations

Student Outcomes

After completing the study, graduates are:

1. Able to analyze international relations issues, focusing on the Asia Pacific, in the area of politics, security, economy, business, and socio-culture at the national, regional, and global levels;
2. Able to analyze the interaction between various actors in international relations, focusing on the Asia Pacific, in the area of politics, security, economy, business, and socio-culture at the national, regional, and global levels;
3. Able to apply diplomatic and negotiation skills in bilateral and multilateral levels in the area of politics, security, economy, business, and socio-culture;
4. Able to analyze foreign policy in the area of politics, security, economy, business, and socio culture at the regional and global levels;
5. Able to conduct scientific research related to international relations issues and demonstrate the result in written as well as oral forms in Indonesian and/or English with the utilization of relevant information technology;

6. Able to analyze theoretically various issues in international relations in security studies, international political economy and business diplomacy, as well as contemporary issues and new media in order to support policy making process at the national, regional, and global levels;
7. Able to analyze contemporary issues and the process of integration in various regions in the area of politics, security, economy, business, and socio-culture;
8. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

1. Diplomat with Ministry of Foreign Affairs.
2. Negotiator in the international treaties acting on behalf of the state as well as multinational corporation.
3. Analyst and/or local staff in accredited foreign embassies and international organizations in Indonesia.
4. Government relations officer.
5. Program analyst in Ministry of Defense.
6. Program analyst in Ministry of Trade and Industry.

12. Researcher in national and international research centers.
13. Expert staff in parliament.
14. Program analyst or planner in central and regional government.
15. Program officer in non-governmental organizations.

Curriculum

The curriculum of International Relations Department lies on the strong foundation of core curriculum and concentration. It combines the national and international standard curriculum, strengthened by an internship program and research.

- **Concentration:** International Relations (IR) BINUS UNIVERSITY offers concentrations which have not been offered by other universities, namely International Political Economy of Multinational Corporation; Business and Trade Diplomacy in Asia Pacific; Media International Organization and Global Governance; and Strategic and Security Studies.
 - *Multinational Corporations (MNC)*
 - It focuses on how multinational corporations (MNC) become important and significant non-state actor in International Relations. Students will learn various topics such as the rise and fall of multinational corporations, international political economy of MNC; dynamics of the interaction between states and MNC in the globalization era, MNC and social responsibility; and MNC's global strategy.
 - *Trade and Business Diplomacy*
 - It focuses on the role of business and trade diplomacy in International Relations. Students will learn topics such as global economic architecture; risk analysis in International Relations; WTO and trade diplomacy; and Indonesian's trade policy in an era of free competition.
 - *Contemporary Issues and New Media*

- It focuses on the important role of media and international organizations in shaping global governance. Students will learn topics such as the role of international media in a global world; development of information technology and warfare; and the role of Indonesia in the global governance.
- *Security Studies*
 - It focuses on dynamic interaction among states in assessing power in the anarchical world affairs. Students will learn topics such as global security architecture; strategic industry and global security; conflict and peace studies; and terrorism era: economic, social, political and security impacts.
- **Enrichment Program:** International Relations (IR) BINUS UNIVERSITY also offers an enrichment program that provides students with a unique learning experience, including industrial experience, internship in national/international organizations, study abroad, entrepreneurship, and experience in conducting research as well as community development projects. This one-year period program is also aimed at helping students develop not only their hard skills but also their soft skills. Among the soft skills that students are expected to develop are International Business Report Writing, International Trade Analysis Writing, Journalistic Writing for International Relations, Security Analysis Writing, International Business Presentation Skill, Negotiation Skill in Business Diplomacy, Reporting Skill in International Setting, and Persuasion and Influencing Skill.

Perspective and Approach

IR BINUS UNIVERSITY applies various perspectives of International Relations combined with a multi-disciplinary approach to analyse a variety of international relations issues on national, regional, and global levels.

Learning Method

IR BINUS UNIVERSITY trains students to think critically, informative, and analytic that rest on student-centred learning and the Global Learning System.

Competent Lecturers

Our lecturers earned Ph. D. and master degrees from reputable overseas and domestic universities with various specialization in International Relations and have written books, articles both in international and national journals, and opinion in media and newspaper.

Network

A strong network among academia, government, professional, and civil societies from both national and international.

Distinct Facility

IR BINUS UNIVERSITY has been equipped with Model United Nations (MUN) conference room as a miniature of the United Nations assembly for diplomatic simulations.
