Curriculum

There are four main categories in Visual Communication Design Study Program:

1. Fundamental Design (Semester 1-3)

Students learn the basic principles of design, color theory, photography, typography, the history of art and design as well as an introduction to the technology used in the world of design. Students will also learn the basic application of design principles to case studies in society. With this case study, students are expected to be able to apply the theory obtained in the classroom to the general public.

2. Design Expertises (Semester 4-5)

Students have the opportunity to choose a specific skill set in Visual Communication Design. Students can choose Illustration Stream to improve their skills in visual production, drawing and creating Intellectual Property. Students can also choose Streaming New Media to improve their graphic design skills and visual abilities. Creative Advertising Streams can be selected by students to improve their visual communication skills, advertising and visual persuasion techniques. Students can also improve their skills in the fields of motion graphics, character design, moving images by choosing Streaming Animation. Students also have the opportunity to enrich their knowledge of the non-design world through the Free SMO and Minor Programs.

3. Enrichment Program (Semester 6-7)

Enrichment program of Visual Communication Design aims to gain student's soft skills regarding teamwork, leadership, and professional attitudes, as well as their hard skills in implementing the knowledge they acquired from classroom. In the 6th semester, students will have a four months internship experience in the advertising industry or other creative industries. Meanwhile, in the 7th semester, students will have more opportunities (five different tracks), including: internship for industry experience, community development in social issues, entrepreneurship to build start-up business, research, and study abroad to enrich cultural experience.

4. Final Project (Semester 8)

In the Final Project, students have the final opportunity to sharpen their knowledge and work optimally by producing the best work according to the different abilities of each student.
