Curriculum

The Entrepreneurship Business Creation Study Program curriculum is uniquely designed to prepare students to be able to apply their entrepreneurial knowledge and to start new businesses. The curriculum is designed based on the Entrepreneurial Process which consists of Idea Generation & Opportunity Discovery; Designing Business Models & Business Plans; New Business Creation and Business Development. By using experience, action-based and project-based learning, students will learn how to identify potential business opportunities, evaluate opportunities, analyze competition and business risk, to start a new business. Students will understand how to design business models & write business plans that generate strong revenue streams; how to protect intellectual property; how to make the best potential investment offer, and how to think and act entrepreneurially.

The students have the opportunity to take student mobility program to the Jakarta and Bandung campuses on the 4-5th semester so that they can choose the available minor program (such as Digital Ecosystem, Human Capital in Digital Workplace, Sustainable Development, Cross Cultural Communication, Interactive & Users Experience Design, Data Analytics, Robotic Process Automation, Digital Transformation, Virtual Services, Culinary, and Designpreneur) or streaming program (such as E-Business, Global Commerce, Service Business, and Digital Business Management). However, they may also choose to stay at Malang campus in their 4-5th semester studying Digital Technopreneur Minor Program or Streaming Program (such as Business Innovation, Entrepreneurship in Emerging Economies), or even Cross Streaming program (such as Imaging Arts and Sciences, Illustration, and Digital Public Relations).

The curriculum is designed in such a way as to equip students to be ready to face industrial revolution 4.0. In semesters 6-7, students will be encouraged to build their startup business through the Enrichment Program to gain hands-on experience and a comprehensive overview of how to manage business processes from upstream to downstream. Students will get access to business mentors (entrepreneurs), venture capitals, industrial visits, exhibitions, knowledge sharing, and a network of relevant parties to help students make dreams come true. In supporting entrepreneurial learning, students will be encouraged to participate in various business and entrepreneurial competitions, such as Business Idea Competition, Business Model Competition, Business Plan Competition, and Pitching Competition. In addition to competition and business coaching, students will also be facilitated by entrepreneurial activities such as business presentation; industry knowledge sharing; workshop & international seminar; industry visit; and exhibition. At the end of the study period, students are required to prepare a thesis on their business performance analysis and design business development strategies.
