

Interior Design

Introduction

Interior Design (Bandung) is an interdisciplinary major which specializes in interior consultants and construction creative businesses that intend to increase diversity due to changing market factors and professional practices. Furthermore, we enhance our students to respond to the boundaries in a way to extend the purposeful innovative, and creative industries of Interior Design.

BINUS UNIVERSITY Interior Design (Bandung) Study Program is supported by lecturers with industry experience. Our students will experience real-world project flow as they advanced through their courses in this major, such as planning, research, and designing processes. Our students will learn how to apply technology, culture, business, and environmental aspects in their designs.

In Interior Design (Bandung) major, students will be encouraged to implement several aspects as the way to solve problems regarding to the construction and aesthetical elements in Interior design. Students are prepared to excel in preparing interior concept design, planning, presenting a professional visualization for their interior projects for residential, retail, office, hotel, and other public spaces. Techno-design curriculum in our program allows students to comprehend the usage of technology in the learning process. Students will gain basic and advance Computer-Aided knowledge to accommodate challenges to compete as a professional interior designer in the future.

Interior design (Bandung)'s graduates of BINUS UNIVERSITY will become future interior designer professionally. They are well equipped to work in global firm or becoming a creative entrepreneur. They will be able to compete with other professionals in the industry.

Vision

A world class Interior Design Department, delivering international standard designers with strengths in local values, IT, and green design.

Mission

The missions of Interior Design are to:

1. Educating students in the fundamental skills of designing, with a focus on the latest technology, eco design and local content by providing excellent study facilities and internships that prepare students for global service industries or for continuing to an advance degree in interior design or related disciplines.
2. Preparing students who have a strong sense of ethics and local values, an entrepreneurial spirit, and are ready to take on strategic positions in service industries and make a contribution to society.
3. Recognizing and rewarding the most creative and value-adding talents.
4. Improving the quality of life of Indonesians and the International community.
5. Designing creative products and conducting professional services in interior design fields with an emphasis on the application of knowledge to society.

Program Objective

The objectives of the program are:

1. To provide students with innovative and creative design abilities, especially in eco design and local content, by using the latest technology and approaches.
2. To provide students with design abilities and knowledge, ranging from fundamental principles to applied skills and abilities.
3. To prepare students with necessary skills and knowledge of interior design that enables them to become an entrepreneur or a professional in a global environment.

Student Outcomes

After completing the study, graduates are:

1. Able to design interior concept based on human behaviour, technical aspect, and values that related to interior design;
2. Able to design an interior concept independently both in manual and digital to fulfill user community needs for residential to public space project based on design theory, user need study, and interior design problems;
3. Able to design thematic interior element (furniture, wall, ceiling and floor) based on technical characteristic and material aesthetic;
4. Able to produce interior design planning as a proposed problem solving and fulfill community needs that accountable and qualified in function, aesthetic, construction, and meaningful;
5. Able to communicate ideas in visual language that communicative and informative;
6. Able to design an interior and its elements that prioritizes local indigenous, green design and sustainability;
7. Able to produce interior design work that has good selling value as a professional or entrepreneur (designpreneur);
8. Able to build independent business in interior design;
9. Able to construct interior object models, furniture and non-furniture in the form of digital presentations and 3D models;
10. Able to develop scientific-based solutions to interior design aspects of building systems;
11. Able to design interiors in accordance with the development of global trends;
12. Able to Design Commercial & Hospitality Interior by paying attention to space needs and user behavior;
13. Able to design furniture and interior accessories by paying attention to the needs of the user behaviour;
14. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

Graduates will be prepared not only as a professional interior designer, but also be able to create and open new working opportunities for other professions which are related; because of their ability to be an entrepreneur. This availability of working opportunities such as:

Commercial and Hospitality Design

- | | | |
|-----------------------------------|----------------------------------|--|
| • Interior design consultant | • Procurement | • Visual merchandise/window display designer |
| • Interior design contractor | • Purchasing | • Stylist for interior magazine |
| • Real estate/property contractor | • Merchandising Setting designer | • Book writer |
| • Project Management | • Commercial retailer | • Lighting designer |
| • Project Marketing | • Exhibition organizer | |

Furniture and Interior Design Accessories

- Interior design consultant
- Interior design contractor
- Furniture designer
- Manufacturer of Interior accessories
- Furniture & home accessories shop/gallery owner
- Retailer
- Stylist for magazine/production house
- Interior Decorator/Home decorator Home accessories designer
- Book writer
- Trader
- Supplier (furniture/accessories interior)
- Workshop owner
- Product Development
- Retail Manager
- Buyer Merchandizing

Techno Interior Design

- Interior Designer
- Interior Design Firm
- Interior Build Contractor
- Interior Decorator Consultant
- Interior Design 3D Artist
- Interior Design Drafter
- Interior Supplier
- Interior Apps Creator

Smart Living & Environmental Design

- Interior Design Consultant
- Interior design contractor
- Interior Procurement
- Visual Merchandiser
- Interior Book Writer
- Lighting Designer
- Furniture Designer
- Home Accessories Designer
- Workshop Management
- Product Development
- Retail Management
- Project Management

Curriculum

Interior design Department - School of Design has 2+1+1 curriculum. On their 4th to 5th semester, students have wider option to take more experience on doing their mobility classes on other campus (for now it is only available in Binus Jakarta and Binus Malang as host campus). On their 6th to 7th semester, there are five enrichment programs that can be chosen by students based on their passion and knowledge. These programs are internship in industry, research in interior and furniture, community development, start-up business and study abroad program. With these experiences, students will gain more knowledge regarding their contribution to industry and community. The curriculum also accommodates the main objective of the program opening i.e. creating a qualified interior designer. Graduates will have entrepreneur spirit, well-equipped professional skills, excellent personality as well as the competency in ICT skills. Currently, the Interior Design program provides two concentrations that the students can choose from according to their goals and interests:

Commercial & Hospitality Design:

This stream provides students with an ability to design commercial & hospitality space, such as: design of apartments and houses, shops, restaurants, offices, hotels, hospitals, schools, etc.

Furniture and Interior Design Accessories:

This stream provides students with an ability to design furniture and accessories for both residential and commercial such as hotels, offices, restaurants, by observing the terms of ergonomics, functionality & aesthetic.

Techno Interior Design:

This stream provides students with an ability to apply techniques optimally in interior design projects by mastering the technical aspects of project presentation in accordance with technological trends.

Smart Living & Environmental Design:

This stream provides students with an ability to apply the latest technology appropriately into spatial design. The skills include Experimental & Lighting Design, Environmental Graphic Design, Technology & Lifestyle in Design, Interior Product Prototyping, Exhibition Design, Environmental & Sustainability Design, Interior Behaviour & Experience, dan Interior In Digital Interactive.
