Taxation

Introduction

As part of the School of Accounting, Taxation Program is accredited with a grade "UNGGUL" by the National Accreditation Board. The Taxation Program is a unique program specifically designed to focus on providing comprehensive knowledge in Taxation, Accounting and Taxation Technology.

This program provides the student with deepen not only their knowledge of concepts and techniques of taxation but also equips students with the ability to analyse and design comprehensive tax strategies by utilizing tax application technology, reliable High-Net-Worth Individual (HNWI) tax planning capabilities, innovative international tax planning capabilities, and reliable tax advisory capabilities. In dealing with clients, tax strategy skills in customs-export-import, also the ability as a tax attorney to handle tax lawsuits in tax courts.

Students are also equipped with the practice of tax technology application systems in carrying out tax strategies using analytical data systems and Tax Information Management. By following current technological developments, students can analyse the right strategy equipped with soft skills to be ready to compete towards the intelligent automation era.

The Taxation Program has strong collaboration with various partners, the Directorate General of Taxes, Tax Consulting Firms, and Tax Consultant Associations. The learning method in the program will place more emphasis on tax case-based learning, so students can develop knowledge, skills and analytical thinking. Also involve challenges, problem-solving, team-building, comprehensive tax strategy planning and technology skills. Furthermore, graduates have excellent competence in taxation and work professionally.

Vision

A world-class undergraduate Accounting Study Program that produces professional accountants with business skills, data science analysis, and applied information technology (IT) expertise with the continuous commitment of fostering and empowering the society.

Mission

The mission of undergraduate Accounting Technology Program is to build the nation and to contribute in global community development by providing world class education by means of:

1. Educating Accounting students to develop exemplary characters and professional competency in the area of accounting through holistic approach that meets global standards;
2. Resolving the nation's issues through high impact research in the area of accounting;
3. Fostering BINUSIAN within Accounting study program as lifelong learners through self-enrichment;
4. Empowering BINUSIAN within Accounting study program to continuously improve society's quality of life.

Program Objective

The objectives of the program are:

1. Preparing accounting students to have professional skills, high integrity, care for society's, global minded and responsive to scientific and technological advances required by industry;
2. Preparing accounting students with strong technical skills in creating and analyzing financial and non-financial data to fulfill accounting information;
3. Preparing accounting students with organizational skills, communication, and business knowledge to succeed in accounting careers.
4. Preparing students with organizational, business, advisory knowledge, and taxation technology to succeed in a career in accounting & taxation.

Student Outcomes

After completing the study, graduates are:

1. Able to interpret the entity's financial statements by applying accounting principles to transactions in accordance with the IFRS converged Financial Accounting Standards and the prevailing ETAP financial accounting standards;

2. Able to analyze performance reporting according to accounting principles as the basis for planning, controlling and decision-making by entity management to increase the effectiveness of organizational performance;

3. Able to carry out the audit process and use of accounting information systems for auditing financial statements according to Generally Accepted Auditing Standards (GAAS) and International Standards on Auditing (ISA);

4. Able to apply tax obligations for the Monthly Taxes and Annual Taxes in accordance with the tax regulations in Indonesia;

5. Able to analyze tax solution based on tax regulation by applying technology for strategic decision making;

6. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

Tax experts are needed in various career fields. The taxation program prepares students for professional careers in the private sector or corporate and government as Tax Consultants, Tax Analyst, Tax Attorney, Transfer Pricing Specialist, Digital Tax Specialist/Taxologist, Export Import Specialist, HNWI (High-Net-Worth Individual) Tax Planner and International Tax Planner in multinational corporations.

The graduates can also continue their studies in a Master's Program (S2) in Indonesia or abroad. In the future, to complete their understanding, they are also encouraged to take tax licenses/certificates of Tax Brevet A, B, and C. Furthermore, they can also become Chartered Tax Professionals and then take a professional certificate such as Certified Tax Consultant (Bersertifikasi Konsultan Pajak-BKP), Certified Tax Practitioner (CTAP) and open their own Tax Consulting Firm. The graduates also can take Chartered Tax Advisor (CTA) certification, Certified International Tax Analyst (CITA), Certified Transfer Pricing (CTP), Advanced Diploma in International Taxation (ADIT) as an international tax planner and Tax Lawyer (CTL) for a professional tax lawyer.

Curriculum

In the new millennium and the global era, we offer our new curriculum based on technology and digitalisation. Taxation Program has been developed to provide an education with high-quality standards. The Taxation Program provides a broad variety of courses in taxation and accounting discipline. The curriculum is based on the development of the sciences, technology and practices related to government regulation and the National also International Accounting Association, Taxation Association, economics, information technology and digitalization. The taxation program offers the uniqueness of characteristics programs in our curriculum such as Free Elective Program, Enrichment Program so students have the opportunity to acquire direct practical experience through an internship placement track/research track/study abroad/fast track/ entrepreneurship track/ community development track, which assisting taxation students to become highly competence professional tax expert.

The minor programs can change anytime based on the trends of knowledge and industry each year. Students will receive information about the updated minor programs during the registration period.

1. Minor Program: Digital Ecosystem

Fundamental Courses

	Course	SCU
COMP6683001	Introduction to Artificial Intelligence	2/2
ISYS6549003	Digital Innovation	4
COMP6937001	Current Trends in Technology	2
	Total SCU	**10**

2. Minor Program: Sustainable Development

Fundamental Courses

	Course	SCU
ISYE6154011	Sustainable Design and Manufacture	4
CPEN6217010	Digital for Sustainable Development	4
ARCH6119014	Introduction to Sustainable Development	2
	Total SCU	**10**

3. Minor Program: Cross Cultural Communication

Fundamental Courses

	Course	SCU
CHIN6132026	Chinese Conversation in Daily Activities	4
COMM6502019	Communication in Diversity	2
BUSS6170025	Asian Business Ethics	4
	Total SCU	**10**

4. Minor Program: Interactive & Users Experience Design

Fundamental Courses

Course		SCU
ISYS6553003	User-Centered Research and Evaluation	4
PSYC6176027	Psychology and User Experience	4
DSIN6003007	Fundamental of Interface Design	2
	Total SCU	**10**

5. Minor Program: Data Analytics

Fundamental Courses

Course		SCU
ISYS6680003	Introduction to Data Analytics	2
ISYS6681003	Data Management & Descriptive Analytics	4
STAT6198049	Statistical for Decision Making	4
	Total SCU	**10**

6. Minor Program: Digital Transformation

Fundamental Courses

Course		SCU
ISYS6559003	Business Models and Technology Innovation	4
ISYS6557003	Business Data Management	4
MGMT6484005	Digital Strategy	2
	Total SCU	**10**

7. Minor Program: Virtual Service Experience

Fundamental Courses

Course		SCU
ISYS6561003	Fundamental of Virtual Services	2
ACCT6350020	Virtual Financial Services	4
MGMT6354005	Virtual Operation and Supply Chain	4
	Total SCU	**10**

8. Minor Program: Culinary

Fundamental Courses

Course		SCU
HTMN6108021	Food and Beverage Management	2
HTMN6008021	Kitchen Operation	4
HTMN6128021	Pastry and Bakery Operation	4
	Total SCU	**10**

9. Minor Program: Metaverse in Business

Fundamental Courses

Course		SCU
ISYS6777052	Business Model	2
COMP6889051	Virtual Reality	4
COMP6890051	Augmented reality	4
	Total SCU	**10**
