

Interactive Design and Technology

Introduction

The IDT curriculum emphasizes both creative and analytical parts of design, offering the graduates a set of knowledge to create user-centered solutions that improve functionality and engagement. Design thinking, user research, wireframing, prototyping, and usability testing techniques will be introduced to students through handson projects and real-world scenarios. By the end of the program, they will have a packed portfolio demonstrating their ability to create responsive and engaging interfaces that meet user needs while achieving its goals.

Vision

Visual Communication Design Study Program which produces world-class designers who are able to foster and empower the community, have expertise in the field of creative technology while still promoting the values of local wisdom as its trademark.

Mission

The missions of Interactive Design and Technology Program are:

- 14. Intellectual Property Creator

Curriculum

The curriculum of IDT aims to bridge the gap between creativity and functionality, ensuring students can create digital products that not only look appealing but also offer seamless user experiences. Whether working on mobile apps, websites, or software, students will learn to apply design principles that prioritize usability and accessibility. The curriculum offers a practical approach, with projects that mirror real-world challenges in the UI/UX industry. This program emphasizes the importance of user research and usability testing, enabling students to make informed design decisions based on actual user data. By conducting user interviews, surveys, and A/B testing, students will develop the ability to create designs that are not only aesthetically pleasing but also functionally effective.

S UNIVERSITY

Upon completion of the program, graduates will be well-equipped for careers in UI/UX design, digital product design, and interaction design. They will have built a strong portfolio showcasing their ability to create user-friendly interfaces that solve real-world problems. Whether they aim to work for tech companies, start-ups, or design

agencies, the skills and experiences gained through the UI/UX and Design Learning program will position them as competitive candidates in a fast-growing and dynamic field.
