

Digital Business Innovation Program

Introduction

The Digital Business Innovation program under BINUS Business School Undergraduate Program is designed to meet the evolving needs of creativity and entrepreneurship in the digital era, with a strong emphasis on digital technology and artificial intelligence (AI). Since its AACSB accreditation in 2020, the program has maintained a strong commitment to high-quality teaching and learning processes, aligning closely with the outcomes desired by stakeholders.

Graduates of this program will earn a Bachelor of Business and Bachelor of Computer, with a focus on driving innovation in digital industries and creating businesses rooted in creativity, technology, and AI. The program delves into the intersection of leadership, digital innovation, and entrepreneurship, particularly in the context of emerging digital technologies and AI. Students will be equipped with practical skills, a creative mindset, and entrepreneurial knowledge essential for developing groundbreaking business ideas in the rapidly evolving technological landscape. The program aims to foster sustainable and ethical business growth while actively contributing to society, preparing graduates to navigate and lead in a world increasingly shaped by digital technology and AI.

Experiential Learning Techniques and Innovation Practices, such as the Digital Business Living Laboratory, Practical Market Testing and Commercialization, Investor Pitch, Mentoring, Coaching, Counselling, and Facilitating Programs, are integral to gaining practical knowledge, skills, and attitudes in digital technology innovation, commercialization, and innovative venture creation. These hands-on approaches immerse students in real-world digital business environments, enabling them to develop and commercialize technology-driven solutions while honing their entrepreneurial acumen in the digital economy.

Vision

A world-class business and entrepreneurship study program, fostering and empowering the society in serving and building the nation

Mission

Providing world class business education to build the nation and to contribute to community development by means of:

- 1. Educating BINUSIANs to develop exemplary characters through holistic approach.**
Educating BINUSIANs to be ethical & innovative graduates with multiple skills to deal with business digitalization challenges using holistic approach.
- 2. Developing business creation through entrepreneurship and relevant research.**
Encouraging BINUSIAN to advance knowledge and practices with high quality research for resolving business and entrepreneurship issues

3. Fostering BINUSIANS through self-enrichment.

Nourishing BINUSIANS' SPIRIT for improving personal and professional capabilities

4. Empowering BINUSIANS to continuously improve business community.

Invigorating BINUSIANS to solve the business community challenges through academic and community service activities

Program Objective

1. Graduates will obtain global employability and entrepreneurship skills relevant to the business context, gain experience through collaborations that facilitate quality education, research, and engagement with global universities, institutions, and governments, and achieve global recognition through international accreditations, certifications, awards, and competitions.
2. Graduates will obtain advanced competencies in technology and digital literacy, contributing to the productivity and services of the school through the production of intellectual properties and the provision of professional services beneficial for business communities, concurrently elevating both faculty members' academic achievements and intellectual contributions.
3. Graduates will obtain high-quality research skills and contribute to the empowerment of the business community by producing impactful community services, relevant innovations, and disseminating research products for teaching-learning, community service, and self-development.
4. Graduates will obtain the capability to earn sustainable competitive advantage, ensuring the sustainability of the school in terms of the quality and quantity of students, financial stability of the study program, and prosperity of Binusians.
5. Program graduates will possess effective communication, teamwork, and leadership skills with ethical considerations in solving problems for an organization and creating benefits for society.
6. Program graduates will apply accurate skills and knowledge in system development that will be needed as a professional in information systems
7. Program graduates will maintain in-depth knowledge of information system methodologies and technologies to address the critical needs of an organization.

Student Outcomes (or Competency Goal only for BBS Program)

1. Able to apply business concept.
2. Able to demonstrate entrepreneurial acumen by applying creative, innovative, analytical thinking as well as applying communication skills, and ICT skills
3. Able to apply ethical and professional values
4. Able to integrate sustainable business perspective into sound business plan.
5. Able to analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions
6. Able to design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
7. Able to communicate effectively in a variety of professional contexts
8. Able to recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles

9. Able to function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
10. Able to support the delivery, use, and management of information systems within an information systems environment
11. Able to develop digital business start up
12. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving

Prospective Career of the Graduates

1. System Analyst
2. System Developer
3. Entrepreneur
4. Intrapreneur
5. Business Developer
6. Business Planner
7. Digital Business Specialist
8. Small Business Consultant
9. Information System Consultant

Curriculum

Digital Business Innovation Program at BINUS Bandung campus offers dual curriculum between Creativepreneurship Department and Information System Department, whereby students will undertake fundamental courses at the home campus (Creativepreneurship Department in Bandung) for 2-years, 1-year fundamental courses at Information System Department (in Jakarta) and 1-year enrichment program (Bandung or Jakarta).

Total Credits 182 SCU				

Pre-Thesis (2 SCU) and Thesis (4SCU) can be taken in the 7th and/or 8th semester by students who meet requirements from the study program.

Notes : (Information for group table)

MKK = Mata kuliah Keilmuan & Ketrampilan (*Science and Skill Course*)

MKB = Mata kuliah Keahlian Berkarya (*Creative Expertise Course*)

MPK = Mata kuliah Pengembangan Kepribadian (*Personality Development Course*)

MPB = Mata kuliah Perilaku Berkarya (*Creative Behavior Course*)

MBB = Mata kuliah Berkehidupan Bermasyarakat (*Social Living Course*)

In 5th & 6th Semester, learning process will be conducted in BINUS@Jakarta

Foreign Language Courses:

Students will take foreign language courses according to BINUS University English proficiency test results. See foreign language courses appendix for the details. Students must pass with a minimum Grade of C.

Pre-thesis (2 SCU) & Thesis (4 SCU) can be taken in the 6th and/or 7th semester by the students who meet the requirements from the Study Program/Program

Appendix Foreign Language Courses

Foreign Language Courses		SCU
ENGL6270032	English for Frontrunners	0
ENGL6271032	English for Independent Users	0
ENGL6272032	English for Professionals	0
JAPN6209032	Basic Japanese Language*	0
CHIN6192032	Basic Chinese Language*	0

*) This course is optional for students

1. Students with Binus University English Proficiency Test score less than 437 are required to take English for Frontrunners and English for Independent Users.
2. Students with Binus University English Proficiency Test score less than 520 are required to take English for Independent Users and English for Professionals.
3. Students with Binus University English Proficiency Test score equal to or greater than 520 are required to take English for Professionals. Additionally, students may choose to take either Basic Japanese Language or Basic Chinese Language.
4. Students are required to pass the foreign language courses before they take enrichment.
5. Students can see the requirements to pass the foreign language courses at BINUSMAYA – Beelingua.

Appendix: Free Electives (5&6th Semester)

Students will receive information about Free Electives during the registration period

Enrichment Program I (7th Semester) & Enrichment Program II (8th Semester):

-) Student will take one of enrichment program tracks (off campus). See enrichment appendix for the tracks detail.
