

## Global Business Marketing

### Introduction

The Global Business Marketing program prepares students to succeed in fast-paced marketing environments. Students learn about the latest and emerging trends in marketing practice and shape their soft-skills which enable them to conquest global competition. This program has three values to be conveyed to students, i.e. dynamic (how to quick-response to the dynamic market trends), creative (how to design and execute creative marketing strategy and programs), and digitalized (how to apply digital concept in marketing activities in this technology era).

The 3+1 program extends outside the classroom to include real-world, hands-on, and global experiences, where students are encouraged and supported to pursue marketing internships and study abroad opportunities, which further prepare students for a career in marketing.

### Vision

A world-class business school, fostering and empowering the society in serving and building the nation.

### Mission

Providing world class business education to build the nation and to contribute to community development by means of:

- **Educating BINUSIANS to develop exemplary characters through holistic approach.**

Educating BINUSIANS to be ethical & innovative graduates with multiple skills to deal with business challenges using holistic approach.

- **Resolving business and entrepreneurship issues with meaningful and relevant research.**

Encouraging BINUSIAN to advance knowledge and practices with high quality research for resolving business and entrepreneurship issues.

- **Fostering BINUSIANS through self-enrichment.**

Nourishing BINUSIANS' SPIRIT for improving personal and professional capabilities

- **Empowering BINUSIANS to continuously improve business community.**

Invigorating BINUSIANS to solve the business community challenges through academic and community service activities.

### Program Objective

The objectives of the program are:

1. Provide students with business and managerial knowledge and skills for exploration and active participation in sustainable and digital business landscape
2. Equip students with digital technology and analytical skills for entrepreneurial and ethical business and management practices finance and business organizations and provide tools used in business analysis.
3. Nurture students to be professional, creative, and forward looking in organization, community and global context.

## Learning Goals

By the completion of our program

### 1. Management and Business Concepts

Each student should be able to comprehend management and business concepts.

## 1. Minor Program: Blockchain Technology and Business

### Introduction

Blockchain is currently one of the fastest-growing industries in the technology sector. Also, based on Gemini's 2022 outlook, Indonesia is the most crypto-adopting country in Asia. The blockchain minor program initiative at BINUS could facilitate the students to learn and explore the technology. The Blockchain minor program explores the concept and development of blockchain from the technology and business perspectives. Beyond the blockchain concept, students will learn how to develop smart contracts and understand the architectural needs of a blockchain-based application. Finally, students will apply their knowledge in a project-oriented capstone course, during which they will design and develop a practical application of blockchain technology.

### Career Options

Blockchain Consultant, Blockchain Architect, Blockchain Security Auditor, Token Economy Consultant, Smart Contract Developer, Web3 Entrepreneur.
