

Business Law

Introduction

Law is one of the most apparent pillar of a cultured and civilized society. Therefore, apart from abiding the law, to understand law is a must. This is why Bina Nusantara University chooses to open a program in law. Business Law is selected as the main study for the program. It is expected that the program would create graduates that are technically competent in practicing principles of Business Law in its utmost integrity. Integrity in education is one of the highest value.

Vision

By 2035, Business Law Department of BINUS UNIVERSITY becomes a leading and reputable business law study program (center) with global competencies based on information and communication technology.

Mission

The mission of Business Law Department is to contribute to the global community through the provision of world-class education by:

1. Educating students with fundamental knowledge, skill, and professionalism in the areas of business law based on ICT by providing them with excellent courses and internships in dealing with global challenges
2. Contributing in enhancing both legal theories as well as legal practices, especially in the research areas of business law based on ICT.
3. Providing legal professional services to meet the needs of business communities benefitting, fostering, and empowering the Nusantara society-at-large.
4. Creating outstanding potential leaders by taking advantage of any opportunities to broaden their perspectives in applying the legal theories and practices.
5. Taking a part in the efforts to improve the quality of life of Indonesians through international collaborative partnership with various institutions.
6. Serving legal or business practitioners with accurate and up-to-date data/information in the area of business law.

Program Objective

The objectives of the program are in 3-5 years after graduation, Business Law graduates have become legal professionals who:

1. are widely recognized for their legal knowledge and legal skills, as well as their competences in the legal aspects of information and communication technology.
2. have the capability to adapt to the dynamic conditions that a career in the field of Law brings.
3. respect professional ethics that humanize human beings.

Student Outcomes

After completing the study, graduates are:

1. Able to organize a real business case into a structure of legal problem in the framework of Indonesian legal sources related to the ICT-based business areas in order to solve the problem facing both national and multinational business-law communities.
2. Able to develop dispute resolution patterns in term of business dispute that conform to the perspectives of national and multinational business-law.

3. Able to construct relevant legal reasoning skills by exploring various law-making methods as known in the discourse of legal discipline and then offering legal solutions in a comprehensive way by showing strengths and weaknesses of the respective alternatives of solution.
4. Able to construct a legal argument both in the format of an oral argument and written elementary legal-document, completed with empirical data/information that is collected in the compulsory two semesters of internship program.
5. Able to identify current issues in business law, analyze and communicate them, by optimizing the use of information technology so as to improve performance as legal professionals.
6. Able to apply interdisciplinary knowledge and skills in developing alternative solutions for problem-solving.

Prospective Career of the Graduates

The Program Business Law at the undergraduate level (S1) basically provides many practical sciences that can be applied directly in the working world, for the choice of profession in study program include: litigation lawyers, in-house lawyers, IPR consultant, consultant in capital market, bankruptcy curator, mediators, arbiters, judges, prosecutors, or public notaries.

Curriculum

BINUS Business Law Program offers a wide selection of law courses. The curriculum is especially designed to assist our law students in planning their interests in studying business law in Indonesia as well as in global arenas. A baccalaureate degree in law (sarjana hukum) must contain a total of 146 credits, including 32 credits for enrichment programs.

The structure of legal science taught in this Program is divided into four topical categories called course clusters. Each course cluster consists of several courses, but certain courses may be associated with more than one course clusters. The clusters are as follows:

1. **Fundamentals of Law.** A set of subject matters which is designed to give students with sufficient understanding of legal principles. These subject matters are very essential components of students' knowledge in learning legal science. They provide students with underlying bases for grasping more specific knowledge and skills in term of Business Law (BL).
2. **Fundamentals of Business Law.** A specified formation of law that consists of theoretic and dogmatic legal science, especially in business contexts, composed for supporting students' comprehension on international trade & commerce law (ITC Law) and information & communication technology law (ICT Law). The term "Business Law" is used here underpinning the core or concentration of BINUS BL Program.
3. **International Trade & Commerce Law (ITC Law).** ITC Law is one of two subtopic areas of business law offered in BL Program. It is an exciting comprehension series that provides full coverage of basic skills needed in analyzing legal problems in international business transactions.
4. **Information & Communication Technology Law (ICT Law).** ICT Law is another subtopic area of business law offered in BL Program. It is also an interesting series that provides basic skills needed in addressing legal problems related to the application of ICT in business activities.
