In line with the above-mentioned skills, the English Study Program is responsive to the requirements of the global workplace. The curriculum of the English Study Program attempts to respond to the needs of industry and business, and as such it is categorized into groups.

Core Group

This group is designed to equip the students with the ability to use English for communication purposes, and consists of grammar, listening, speaking, writing and reading from the basic to advanced level in order that the graduates have sufficient knowledge and skills to enter the world of work.

Character Building Group

Character Building courses aim to build the character of the students in order that they will be able to interact properly in society and engage well in the workplace. In addition, the courses prepare the students to have the ability to analyze the needs of the market and their preferred profession. The graduates will also be provided with the ability to effectively and efficiently plan and organize their work well.

Stream Group

The stream group that is often referred to as Professional Enrichment in Language Group comprises three main streams, namely: Creative Writing and Media, English as Foreign Language Learning, and English for Business Professionals. The students will specialize in one of the streams and will comprise portfolios in preparing for their future in the preferred field of professions. This way the students will not only have the knowledge but also the opportunities to apply that knowledge. This streaming pathway will align with the Internship program, provided for the students to prepare their portfolios.

Elective Group

This group offers such optional courses as Introduction to Film Studies, Introduction to Indonesian Music and Culture, Broadcasting, Editing, Advertising, Popular Culture, and Public Speaking, which can be taken up separately. It has the purpose to widen the insight and knowledge of the students according to their interest and curiosity in certain knowledge areas as mentioned above. By covering various topics they will have greater opportunity to be able to apply their knowledge in the workplace.

Internship and Research Programs

As an integral process in the curriculum, students are required to implement their knowledge and skills, through Internship program. The Internship program has been deemed successful in shaping the qualification of the graduates while keeping them grounded to the needs of the wider community.

Foundations of research are provided since the first year of the study and are lead up to more focused and evidence-based small-scale research towards the later years of the study. In the final year, students are required to write an extensive research-based paper, called *Skripsi*, as final milestone toward the completion of the degree.
