

## Japanese Literature

### Introduction

We are entering the Industry 4.0 era, New innovation introduced to human life to make human life became much more easier. But there is also disruptive technology that threat human jobs. While the increase growth of Japanese investment in Indonesia, have given opportunities for Indonesian people who had knowledge in Japanese Language, Culture, and various hard skill to enter Japanese Industry. it is necessary to master the Japanese language, knowledge about Japanese Culture, and various skill. To meet this need, the Faculty of Humanities at BINUS UNIVERSITY has been offering the Japanese undergraduate Study Program since 2001. Graduates of the Japanese Study Program at BINUS UNIVERSITY will have Japanese knowledge, language skills, various hard and soft skill, and good attitudes that can be applied after completing their study.

The Japanese Study Program curriculum provides language skills consisting of competence in speaking, listening, reading, and writing, which enables the students to adapt to situations when dealing with Japanese people. Besides, they will also know of Japanese studies such as culture, ethics, community, and history. So that the graduates will be able to get a job soon or to set up their own business after graduating, students are provided with practical knowledge of Japanese business and management, Japanese business culture, as well as knowledge of entrepreneurship. Furthermore, the students are also equipped with Japanese computer skills and information technology so that they will be able to communicate more efficiently in the modern world.

Graduates of the Japanese Study Program will have high-level analytical skills if they wish to continue their education or to work in fields such as business, manufacturing industry, services, tourism, or communication. The professions that graduates could consider are Japanese speaker, translator, interpreter, public relations officer, secretaries, researchers or entrepreneurs.

There is also Minor and Free Elective program which student can explore their interest. Developed their abilities, and apply it on their work. Student will have access to various subject in Computer Science, Design, Hospitality, and many more.

### Vision

To become world class study program with graduates that excellent in Japanese language skill, cultural knowledge, and able to utilize technology to compete in global society.

### Mission

The mission of Japanese Department is to build the nation and to contribute in global community development by providing world class education by means of:

1. Educating students to develop creative, innovative mind and professional attitude to become lifelong learners through holistic approach that meets Indonesian and Japanese culture values.
2. Educating students with excellent in applied Japanese language skills, cultural knowledge, multidisciplinary perspectives through various multimedia platform based on Information and Communication Technology.
3. Resolving the nation's issues through providing a solid learning and research experience of Japanese values through multi perspectives studies.
4. Empowering Binusian to develop communities continuously through appreciation on Indonesian and Japanese values to improve the quality of life of Indonesian and the global community.

## Prospective Career of the Graduates

With the skills mentioned above and knowledge, the Japanese graduates are expected to be able to develop themselves in the community for the following professions:

1. Japanese Speaker
2. Japanese Business Correspondent
3. Japanese Interpreter and Translator
4. Japanese Public Relations Officer/ Guest Relation Officer
5. Independent Travel/ Tourism Agency
6. Hospitality Service
7. Entrepreneur
8. Etc.

## Curriculum

The advances in communication and information technology have accelerated the pace of global communications. Various activities and types of work need the expertise and skill of different categories of communication. Communication in the Japanese language cannot be separated from the use of sophisticated communication technology and information.

The curriculum of the Japanese Study Program in the Faculty of Humanities at BINUS UNIVERSITY is designed in such a way that the graduate will be able to grasp the fundamental knowledge and skills that are required for participation in the global activity. The curriculum refers to the development of industry and commerce. The curriculum is grouped as followed:

### 1. General Group

This group provides basic competence in the Japanese language for Japanese graduates from BINUS UNIVERSITY. The Competencies include Character Building and English skills. Furthermore, they are expected to have an entrepreneurial spirit.

### 2. Japanese Language Group

This group consists of Japanese Language skills and Linguistics that support the students in studying the Japanese language. Students will learn Japanese from beginner level into an advanced level in various courses. The student will also learn translation between the Japanese language to Indonesia and vice versa.

### 3. Japanese Studies Group

This group consists of knowledge about Japanese as studies, such as Japanese culture, ethics, community, history. It also gives the students the ability to think logically and enables them to analyse the differences between Japan and Indonesia in various perspectives. Students also get knowledge about the condition of Japan as a country in economic and politic perspective.

### 4. Japanese Business Group

This group consists of knowledge about the Japanese language in a business context and the particular term of Japanese business language. Besides language, the student will also learn the Japanese Business Culture and Work Ethics in Japanese Company

### 5. Minor/ Free Elective Group

This groups consist of subjects from various department that which provided student chance to improve their skill based on their interest. Student will have access to subject from computer science, design, hospitality, and many more.

## 6. Enrichment Group

This group consists of enrichment tracks that can enrich a student's experience to assess their Japanese language and knowledge about Japan. There are five choices of enrichment tracks, i.e. Internship at Japan industries, Study Abroad to Japan, Community Development, Research and Entrepreneurship.

**18. Minor Program: Global Business**
**Introduction**

The Global Business minor program is designed for students who aspire to integrate creativity, business acumen, and technological expertise in a global context. This program equips students with essential knowledge and skills in digital business innovation, creative industry management, and emerging technologies. Students will explore

topics such as digital entrepreneurship, creative content monetization, business model innovation, and the application of advanced technologies like artificial intelligence, blockchain, and immersive media in creative industries. By combining business strategy with technological advancements, this minor prepares students to become agile professionals capable of navigating and leading in the evolving global marketplace. This program is ideal for students from various disciplines who wish to enhance their competencies in creative business and technology, fostering interdisciplinary innovation and international competitiveness.

### Career Options

Digital Business Strategist, Creative Entrepreneur, Digital Marketing Specialist, UX/UI Designer, Tech-Driven Product Manager, Creative Industry Manager, E-commerce & Content Monetization Expert, Brand & Digital Experience Manager, Creative Technologist.
