

Psychology

Introduction

As long as human exist, the discipline of psychology can be applied in broad ranging aspects of life. Equipped with a good understanding of basic theories of psychology, individuals may be expected to work in variety of milieus. Traditional wise, psychology focuses 'only' on the study of normal and abnormal human's functioning as well as provides treatment to patients with mental and behavioural problems. Without leaving its traditional root, psychology nowadays has also touched on more practical areas, including the mental function of healthy individuals such as athletes, space explorers, stage performers, and employees, even the effect on interaction between human and computer. Department of Psychology offers an undergraduate (*Sarjana*) degree program. According to the existing National Regulation, the undergraduate psychology curriculum focuses on the basic scientific knowledge of human behaviour and mental process alongside with the basic skill to design and conduct psychological intervention. Par excellence, at BINUS UNIVERSITY, students of Psychology will be strengthened by the understandings of urban communities' life and the use of technology to improve human performance, as the exclusive advantages to contributing in their working community.

Vision

To become a center of excellence for digital psychology that fosters and empowers the community through the integration of caturdharma to democratize the use of technology to improve human dignity and well-being in the local to global scope.

Mission

The mission of the Department of Psychology is to contribute to the society by organizing a digital psychology center through:

1. Educating BINUSIAN from various backgrounds with knowledge, skills, and attitudes in the field of psychology supported by the latest technology, to prepare them for the world of careers and / or continue their education in psychology or other disciplines.
2. Intensifying the ethos of data-based research to contribute positively in solutions to improve human dignity and well-being, both at local and global levels.
3. Fostering BINUSIAN to become lifelong learners through critical and measurable self-enrichment activities.
4. Developing and recognizing all BINUSIANs' talents to be involved in improving human dignity and welfare by prioritizing justice, equity, and a sustainable community.
5. Enriching the BINUS Higher Education system based on a humanist perspective.

Prospective Career of the Graduates

After finishing the study, the graduates have an ideal foundation to enter many career opportunities, such as in:

1. Human Resource, Educational, or Community Development Personnel
2. Assistant Psychologist
3. Consultant in various areas of psychology, such as education and human performance
4. Junior Researcher
5. Counselor
6. Writer/Content-Creator/Influencer
7. Entrepreneur/Start-Up Developer

Curriculum

The curriculum of undergraduate degree of Psychology in BINUS UNIVERSITY is based on the National Curriculum and mutual agreement among the members of Indonesian Psychology Colloquium Forum. To cope with the global trend of the discipline of psychology, the Department of Psychology of BINUS UNIVERSITY also expands its curriculum by incorporating the ten areas of development of psychology as defined by the American Psychological Associations. To strengthen our students' skills and understanding of the application of psychological theories in working and social life, we designed a curriculum and academic environment that give students the opportunity to choose independently the area they want to study more deeply, either through Streaming, Minor, or Free-elective courses.

On Free-elective, students can take any courses from any departments, as per their interest. While on the Minor programmes, students can take one of the minors which is a collaboration across departments, such as:

1. Human Capital Digital Workplace
2. Interactive & User Experience Design
3. Sustainable Development
4. Virtual Services
5. Cross Cultural Communication
6. Culinary
7. Digital Business
8. Digital Ecosystems

The Minor programs that been provided can be added along with the development in the university and society. Besides Free-elective or Minor, students can choose one of three Streaming on Psychology that focuses on the human performance intervention:

1. Educational Psychology: focuses on the application of psychological principles in the areas of education and instructional design
