

Digital Business

Introduction

The Digital Business Program at BINUS @Medan prepares students to succeed in the rapidly changing digital economy. The curriculum provides essential knowledge and practical skills that help students understand business challenges and create innovative solutions. Students develop the ability to think critically, act creatively, and respond effectively to digital transformation through technology-driven learning and interactive experiences.

The Digital Business Program at BINUS @Medan offers more than just academic learning, it provides a dynamic environment that supports personal and professional growth. Graduates are ready to lead innovation and make a positive impact on businesses, communities, and the nation because the program connects students with experienced lecturers, modern facilities, and strong industry partnerships.

Vision

A world-class business school, fostering and empowering society in serving and building the nation.

Mision

Providing world class business education to build the nation and to contribute to community development by means of:

- Educating BINUSIANS to develop exemplary characters through holistic approach.
- Educating BINUSIANS to be ethical & innovative graduates with multiple skills to deal with business challenges using holistic approach.
- Resolving business and entrepreneurship issues with meaningful and relevant research.
- Encouraging BINUSIAN to advance knowledge and practices with high quality research for resolving business and entrepreneurship issues.
- Fostering BINUSIANS through self-enrichment.
- Nourishing BINUSIANS' SPIRIT for improving personal and professional capabilities.
- Empowering BINUSIANS to continuously improve business community.
- Invigorating BINUSIANS to solve the business community challenges through academic and community service activities.

Program Objectives

The objectives of the program are:

1. Provide students to build startups based on digital business with sustainable business principles and digital technology and to create innovation.
2. Provide students with the ability to analyze digital technology needs and be able to apply digital technology as the main resource in digital business in solving business problems so that they can become professionals in the digital business field.

3. Provide students with knowledge and expertise in management, economics, accounting, systems and information technology that supports the creation of innovative digital businesses.
4. Nurture students to become creative and innovative professionals with a digital business mindset in organizations, communities and global contexts.

Student Outcomes

After completing the study, graduates are:

1. Each student should be able to apply digital business concept.
2. Each student should be able to demonstrate the use of ICT and data analytics to generate new digital business opportunities and build innovative digital businesses.
3. Each student should be able to apply digital business concepts with global and sustainability mindsets.
4. Each student should be able to apply ethical and professional values.

Prospective Career of the Graduates

Graduates of this program gain the expertise to become intrapreneurs within organizations or entrepreneurs who build their own digital ventures. The program strengthens their capabilities in areas such as digital entrepreneurship, e-commerce strategy, business consulting, research, business intelligence, digital marketing, sustainability, and project management for environmental initiatives. These competencies enable graduates to take on meaningful roles in the digital business world.

Curriculum

The Global Digital Business streaming in the Digital Business Program at BINUS @Medan equips students with specialized knowledge and skills to navigate international markets and digital innovation. The curriculum includes courses such as Managing Application Business, which trains students to optimize digital tools for business operations; International Business Law, which helps students understand global legal frameworks; Global Retail Business, which prepares students to manage retail strategies across borders; Global Fintech Business, which introduces financial technology solutions for modern enterprises; and Digital Branding Strategy, which enables students to build strong brand identities in the digital space. These subjects collectively prepare graduates to lead and innovate in global digital business environments.
