2. Undergraduate Program

2.1 Education System

2.1.1 Method of Education Delivery

The delivery of education services is carried out by using credits (sks) as a measurement of evaluating students' learning outcomes.

Credits are a way of organizing higher education programs to explain its academic weight.

The semester is a minimum period that describes the duration of the education program.

The General Objective of the credits (sks) method is to enhance the extent to which higher education can be developed. It involves the presentation of education programs that are flexible and more varied, gives greater opportunity to students when choosing programs, and focuses on planning a definite professional path.

The specific objectives are:

1. Allow the students who are clever and diligent to finish their study in a minimum duration.
2. Allow the students to choose the subject according to their interest, talent, and capacity.
3. Give the possibility to the execution of education system with plural input and output.
4. Facilitate the adaptation of the curriculum to the rapid development of knowledge and technology.
5. Enables the evaluation system of advance learning of the students could be conducted optimally.

Basic Characteristic of Credit is:

In the credit system, each subject has a weight, namely credits. The number of credits in subjects is various. It is determined by the effort to finish the tasks presented in the lecture program, job training, practical work, and other tasks. In the credit system, each subject is finished in one semester that lasts for 13 weeks (exclude mid-exam and final exam). In addition to quantitative valuation, credit system acknowledges that the finishing of the study unit could be valued quantitatively by giving a weight to the relevant unit.

At BINUS UNIVERSITY, one credit equals to 36-48 hours/semester. In the frame of a good result achievement, a student is expected to provide 50 minutes face to face for each credit per week, and at least one or two hours of self-learning. The recently mentioned time is provided to recite and explore the material that has been accepted in the course, for example: reading the textbook suggested, doing the task, etc.

One credit is made up of:

1. An academic hour of scheduled face to face learning in the classroom with education staff.
2. An academic hour of structured academic activity which is not scheduled but has been planned by education staff (lecturers), e.g.: review session or seminar.
3. An academic hour of independent academic activity like reading, summarizing, working on papers etc.

The delivery of education at BINUS UNIVERSITY is achieved through teaching materials, discussion, speeches, case studies, job training, practical work, and other student-centered teaching & learning strategies.

2.1.2 Examinations

The examinations which are conducted by BINUS UNIVERSITY consist of course examination and final project/thesis examination.

Course Examination

The examination for each course consists of two forms: Mid-term test (UTS) and Final test (UAS) that are conducted once each semester.

The form of the examination is standard for all parallel classes with the evaluation system, as mentioned in 2.1.3. For the practical examination in the laboratory, the student must take both theory and practical tests.

Final Project/Thesis Examination

Students who finish the report for the final project or thesis take a final project and thesis examination. The mechanism for the final project and thesis examination follows the guidelines for the final project and thesis of each department.

Right to Take the Examination

The right to take the examination is given to students under the following conditions:

- Students are registered during the prevailing semester or academic year and are registered with the subject for that particular examination.
- Students are not on suspension or are taking academic leave.
- Students fulfill other academic requisites, e.g : frequency of attendance.
- Students fulfill all administrative and financial obligations.

2.1.3 Evaluation System

Final Term Grade Calculation in Undergraduate/Diploma Courses (NAS)

Table Calculation of Final Score of Theory Course (NAT)

Element				
NKK (Attendance)	TMK (Score of Assignment)	NMS (Score of Mid-term Test)	NUS (Score of Final Test)	NAT (Final Score of Theory)
0 %	20 %	30 %	50 %	100 %

Calculation of Semester Final Score (NAS)

There are two kinds of Calculation:

Subjects that have practical work:

Final Score of Semester (NAS) = (NAT x % Weight of Theory) + (NAP x % Weight of Practical Work)

Subjects that have no practical work:

Final Score of Semester (NAS) = Final Score of Theory (NAT)

Note: Semester Final Score (NAS) determines the grade for the subject.

The evaluation system that meets the objectives of the education program at BINUS UNIVERSITY Diploma/Undergraduate Program is an Absolute Evaluation System.

The Final Score for the semester is presented with the following Alphabetical Values:

Presented with the following Alphabetical Values:

Table of Grading System for Diploma and Undergraduate Program

Alphabetical Value	Weight	Final Score of Semester	Description
A	4	90 – 100	High Distinction
A-	3.67	85 – 89	
B+	3.33	80 – 84	
B	3	75 – 79	Distinction
B-	2.5	70 – 74	
C	2	65 – 69	Pass
D	1	50 – 64	Near Pass
E	0	0 – 49	Fail
F	0	-	Incomplete

2.1.4 Credits Load in One Semester

Study load in one semester can be determined by individual ability and by looking at the students' results from the last semester, which are measured by Semester Grade Point Average (IPS/GPS), or all of the semesters by Cumulative Grade Point Average (IPK/GPA).

Semester Grade Point Average (IPS/GPS) is counted as follow:

$$GPS = \frac{\sum (KN)}{\sum K} = \frac{\sum M}{\sum K}$$

Cumulative Grade Point Average (IPK/GPA) is counted as follow:

$$GPA = \frac{\sum M}{\sum L}$$

K = Number of credits taken in related semester

N = Weight of each subject taken

M = Conversion Value (K x N)

L = Number of pass credits

The following table explains the number of maximum credits that can be taken by students according to Grade Point Semester.

The Maximum Study Weight of Student for Regular Program Table

2.1.5 English MKU Scheme at BINUS UNIVERSITY

The English General Course Scheme (MKU) at Bina Nusantara University is made based on Business English (Speaking), Academic English (Writing) and TOEFL-based preparation (Internet-based TOEFL). The entrance test for English language covers Reading, Listening, Structure and Written Expression skills called the Bina Nusantara University English Proficiency Test (BUEPT).

The English MKU program consists of several subjects:

- **English in Focus** (2 credits) is a course **for beginner level** students who have a BUEPT score below 500 with the aim that students can improve their abilities and achieve a minimum BUEPT score of 480 with a lower-intermediate level. This course is a prerequisite for the English Savvy course.
- **English Savvy** (2 credits) is a course **for lower-intermediate level** students with a minimum BUEPT score of 467 with the aim that students can improve their abilities and achieve a minimum BUEPT score of 497 with an intermediate level.

- **English for Business Presentation** (2 credits) is a course **for intermediate level** students who have a minimum BUEPT score of 500. This class prepares students to be able to make business presentations using appropriate and communicative English.
- **English for Written Business Communication** (2 credits) is a course **for intermediate level** students who have a score above BUEPT 500 to achieve Business English written communication skills at intermediate level. This course consists of writing practice to produce and present business documents / information.

All details of the score calculation and rubrics are included in the English MKU handbook.

PREREQUISITE	COURSE	GRADE	BINUS Score
BUEPT < 500	English In Focus and English Savvy	A	90 – 100
		A-	85 – 89
		B+	80 – 84
		B	75 – 79
		B-	70 – 74
		C	65 – 69
		D	50 – 64

		B+	80 – 84
		B	75 – 79
		B-	70 – 74
		C	65 – 69
		D	50 – 64
		E	0 – 49
		F	Incomplete

Student must pass **English Savvy** with a minimum Grade of C.

2.1.6 Global Class Programs

BINUS Global Class is a program offered to selected students of BINUS University. Starting 2017, Global Class is located in Alam Sutera Campus with 3 majors offered :

- Computer Science
- International Business & Management
- International Relations

Global Class students are provided with an enhanced learning experience both inside classrooms and through extra-curricular enrichments. This is one of the main characteristics that separate the Global Class from other programs. At least 90% of classes are delivered in English. For one semester during the 3rd year, Global Class students have an integrated study abroad with BINUS' partner universities across Asia, Europe, and US. The credits gained are automatically transferred to BINUS at the benefit of the students.

In order to prepare students prior to their study abroad departure, Global Class organizes series of workshops to develop soft skills/life skills needed during study abroad and upon graduation from BINUS. These compulsory workshops are conducted every semester covering different topics. BINUS Global Class collaborates with global industries in Indonesia to invite speakers with extensive international exposure.

In line with BINUS vision, Global Class is designed to produce globally-minded graduates with the skill-set and experience to succeed in the globalized environment of innovation and enterprise. Our approach is to immerse students in international learning environments and cultivate their skills to successfully navigate the globalized world.

2.1.7 Requirements and Regulations for the Evaluation of Students' Academic Progress

The following regulations should be applied for BINUSIAN in evaluating their progress in studying:

Studying Success Evaluation of Three Successive Semesters

A student that is non-active in three successive semesters (i.e. without submitting any formal leave application) is not allowed to continue his/her studies at BINUS UNIVERSITY.

Table of Prerequisites

The students must pass all courses which are stated in the table of prerequisites with the minimum score required is D (for certain department, the minimum score required is C).

Quality Controlled Courses List

The quality control course list represents the course of the graduate competencies. Tutorial and Multi-paper examination must be maintained, therefore learning outcomes achieved.

Tutorial and Multi-paper Examination

1. Students must attend tutorial courses and multi-paper exams, which are stated in the Quality Controlled Courses List.
2. For leave or remedial students, they do not require to follow the tutorial, but they are still required to follow multi-paper exams.

Study Completion Requirements for Diploma Programs (DIV) and Undergraduate Programs (S1)

Students must fulfil the following requirements:

- Pass the final examination of the final project/thesis and submit the hard-bound copy.
- Obtain a minimum of 146 cumulative credits (including the thesis) for Undergraduate Programs, or a minimum of 110 credits (including the final project) for Diploma Programs. Double-major programs follow their own specific regulations. Unless stated as elective courses, all courses are compulsory.
- Achieve a minimum GPA of 2.00 and complete all compulsory courses.
- Pass all courses included in the Quality Controlled Courses (PM) category.
- Have no outstanding financial, library, or administrative obligations.

2.1.8 Curriculum in Undergraduate Programs

A. 3+1 Curriculum

Since the academic year of 2014/2015, BINUS UNIVERSITY has implemented a 3+1 curriculum that allows students to have a one-year enrichment program. The program consists of two semesters with varying credits from 8 to 20 credits per semester. Nowadays, students may choose one of the seven tracks, namely 1) Certified Internship Track; 2) Certified Entrepreneurship Track; 3) Certified Community Development Track; 4) Certified Research Track; 5) Certified Study Abroad Track; 6) Certified Specific Independent Study Track; 7) Further Study Track. The Further Study Track is available for students who would like to pursue a master's degree in Binus University. By the end of each semester, students will submit an enrichment report and an assessment related to technical competencies and soft skills in their disciplines.

B. 2+1+1 Curriculum

In addition to the 3+1 curriculum, BINUS UNIVERSITY has implemented a 2+1+1 curriculum that offers Mobility Program for undergraduate students who have similar study programs in BINUS @Greater Jakarta, BINUS @Bandung, and BINUS @Malang. It allows students to have a two-year study in the home campus, one-year mobility program in the host campus and one-year enrichment program. In this regard, students at BINUS @Bandung or BINUS @Malang will be able to study at BINUS @Greater Jakarta, and vice versa. The curriculum is personalized, meaning that students are free to choose streaming, or Minor Program, or Free Electives.

2.1.9 Streaming

Streaming consists of in-depth and specific courses in a study program that represent the needs of industry and the latest developments in science and technology. Each streaming has its advantages/uniqueness to deepen its Major. Students can choose all available streams in the same study program in Greater Jakarta, Malang or Bandung in which students' choice will determine the city that they will visit.

2.1.10 Minor Program

Minor programs equip students with multidisciplinary knowledge and skills (not necessarily within the same Faculty/School). Each Minor has student outcomes according to its superiority/uniqueness to expand what has been achieved in the Major. Minor programs can be chosen by all Binusians on all campuses. Minor program has its own uniqueness according to its Binus campus location, so that students' minor choice will determine the city that they will visit.

2.1.11 Free Electives

Free electives facilitate students to take any courses from the existing fields of studies based on individual preferences. Free electives are personalized based on student choices. Free Electives have student outcomes related to interdisciplinary knowledge and skills and they have no specific Learning Outcomes. Each campus has its own free elective courses to facilitate the mobility of students who want to take free elective courses. The subjects offered for free electives are grouped based on its own field of subjects (e.g., Humanities, Engineering, Economy, Social Politics, Life Science, Arts, etc.) on each campus. The lists of free electives will be updated on curriculum.binus.ac.id.

The placement for Binus @Malang and Binus @Bandung students will be adjusted based on the number of students at Binus University Jakarta (Host Campus).

2.1.12 Enrichment Program

Considering the urgency of the enrichment program to achieve learning outcomes, all courses in the enrichment program become one entity. It means that if there is one or more than one failed courses in the enrichment program, the whole courses in enrichment program will also be failed.

Certified Internship Track:

The industrial experience track aims to facilitate students in the real industrial setting. By following this track, students will work full time and have exposure to the industrial experience in multinational or top national companies where they have job tasks related to their study programs. The assessment for this track will involve both industry supervisor and faculty member supervisor to assess students' performance. Through this program, students will also have opportunities for future employability/job offers, talent grooming (e.g., MT Program, LD Program).

Certified Entrepreneurship Track:

This track provides students with real experiences to become entrepreneurs through business start-ups. Students will come to the office at BINUS Campus from 09.00 – 18.00 from Monday to Friday. The Office will be supported by Coaches, Content & Administration Officers, and Program Officers. In this Entrepreneurship track, students create prototype products that will monetized and supported internally with links to industry within the program. External supports will be provided by Mentors from industry related to the business Start Up.

Certified Community Development Track:

Community Development is a program conducted by students to achieve the 5th mission of BINUS UNIVERSITY: to improve the quality of life of Indonesian and global community. These initiatives include: 1) Scheduled Voluntary Services incorporated in a Company's Corporate Social Responsibility (CSR) or a Social Foundation's Program; and 2) Community Development activities to improve the community's ecosystems. In addition to utilizing their knowledge to design and implement a system in communities (excerpted from their technical competence and soft skill), students will have direct interaction with local people as well as enjoy the opportunity of living in with them.

Certified Research Track:

This track allows students to get involved in conducting research related to the study program scope. The student will become a junior researcher in a research team. The research itself can be conducted in BINUS or outside BINUS (e.g., government research institution, R&D unit in a company). Students can start from writing a research proposal or jump directly into an ongoing research activity in that institution (not necessarily developing a research proposal).

Certified Study Abroad Track:

This track offers opportunities for students to have study experience in foreign countries. Courses that are taken by students are transferred directly to the respective courses in BINUS transcripts. Through this track, students will gain exposure to international experience, such as personal development, academic development, and cultural value.

Certified Specific Independent Study Track

This track allows students to have the freedom to learn outside the university where they will be equipped with knowledge and skills to develop an agile mindset, competitiveness, and adaptability. Students will receive certification to strengthen industry 4.0 skills and enhance the relevance of university with the industry. Furthermore, they will be able to learn from industry experts who share practical and real experience, and they will engage in project-based learning to improve their skills.

Further Study Track:

This track enables students who meet the specified criteria, such as GPA of 3.25 and above, no retaken courses, and completion of an enrichment program in semester 6, to directly continue their master's degree at Binus University.

Through this track, students can complete their undergraduate and graduate programs in only 10 semesters (5 years). At the end of the studies, students will be able to improve their knowledge and skills to launch their own business or become competent graduates who work in national or global companies.

2.1.13 Final Project/Thesis

To finish the Diploma/Undergraduate program (S1) at BINUS UNIVERSITY, students must be capable of compiling and presenting their thesis to the examiner. The thesis compilation must be relevant to the rules of the department. It must be conducted by the individual, guided by a supervisor that is appointed by the head of the department or study program.

For students who take enrichment program I & II with a total of 40 credits in two semesters, if they fulfil the requirements from the study programs or programs, such as minimum GPA, they will be able to take pre-thesis with enrichment I and thesis with enrichment II. This scheme allows students to finish their undergraduate studies in 7 semesters (3.5. years). Since the minimum GPA requirements vary across schools/faculties, students should seek information from their respective programs or programs for further information regarding the pre-thesis and thesis implementation.

2.1.14 Academic Title

Students have the right to carry the academic title from BINUS UNIVERSITY if he/she has fulfilled the requirements to attend graduation. The title given is adapted to the rule of the government.

2.1.15 Students Support Facilities BINUS

A. Student Advisory and Development

Student Advisory and Support Center (SASC) and Student Advisory and Support (SAS) BINUS @Greater Jakarta

For most high-school graduates, studying at university is a brand new experience. Students need to be independent and self-motivated. To overcome these differences, BINUS UNIVERSITY established the SASC in BINUS Kemanggis and SAS in BINUS Bekasi to provide support for students in their new academic journey so that they can adapt and graduate on time.

As a centre, the SASC and SAS consists of three departments: Counselling, Mentoring, and Disabilities Services Department. Counselling services aim to help students who had psychological problems related to the academic and non-academic fields that can interfere with their study at BINUS University. Services are provided for students and parents through individual counselling and specific programs as needed. Students who involve in these programs are expected to experience an increased feeling of psychological well-being, which able them to achieve optimal academic performances. Mentoring services provide learning facilities for students such as mentors, tutors, modules and learning environments to support students to learn creatively. Mentoring creates a learning community which managed by students and staffs so that students can achieve optimal performance. Disability services is a special section that serves students with a disability who need assistance related to their particular needs in studying. This service is also helping students with special needs to be able to take part in the teaching and learning process at BINUS University optimally according to their potential.

All of SASC and SAS departments are dedicated to ensuring all BINUS UNIVERSITY students to be successful in their academic pursuit through advisory activities.

Student Advisory and Development Center (SADC) – BINUS @Bandung & BINUS @Malang

SADC is one of the support units at Bina Nusantara @Bandung and @Malang which has a role to assist students in developing their potential. The goals of SADC are:

- Providing support and services for students (academic and non-academic)
- Increasing students' employability skills
- Coordinating various activities to help students from the first year until graduating from college
- Fostering student organizations in order to develop organizational activities

Student Advisory

For students who need assistance to support successful learning during college, several services are available:

a) Counseling

- Counseling services, both in the academic and personal fields, which can hinder learning success while studying.
- Counseling services are provided to both students and parents.

b) Monitoring and Evaluation

- Each semester students will be monitored for their learning achievement based on the GPA and SKS achieved in each semester.
- Minimum achievement for GPA = 2.00, cumulative credits of at least a multiple of 15 credits per semester, if you do not achieve this, you will get a Warning Letter of Academic Achievement Deviation (SPPPA).

c) Individual Education Plan

A comprehensive program that is designed according to student needs or problems. This program is given periodically in accordance with the conditions and peculiarities of each student.

Student Development

Students who want to develop their personal skills (Global EES) can participate in various activities, such as:

- Training: provides a variety of self-skills development training, both academic skills and employability skills.
- Supporting activities: Seminars, Workshops, Campus Creative Class, Personal Development Day, by raising the latest topics and presenting professional speakers.
- Campus activist development program (Mentor, Freshmen Leader, Student Organization Management)

Community Development - Teach For Indonesia (Binus @Malang)

Teach For Indonesia (TFI) Binus @ Malang is a representative unit of the central TFI Binus University which focuses on two program areas, namely Bina Nusantara social responsibility and social service activities by students in a program entitled community service. The social community service activity itself is part of student learning activities to hone their social sensitivity and ability in society through sustainable community development. The theme of coaching is divided into four categories, namely: health, environment, education and community welfare.

B. Language Center

Language Center services consist of English preparation classes in the English Foundation program. This program aims to prepare first-year students for lectures so that they can improve their language skills and communicate effectively. In addition, students will also be supported by an EESE (Employability and Entrepreneurial Skills Enhancement) program in English in accordance with the applicable context and a more communicative setting. The aim is to improve verbal and nonverbal communication skills in a formal manner.

The interactive English learning process includes **Synchronous** and **Asynchronous**. **Synchronous learning involves** the use of online media for video conferencing such as Zoom and Microsoft Teams. Students for some programs in the English Foundation program are specially prepared to hone their general and academic English skills. In addition, Binus Maya Learning Management System (BIMAY LMS) serves as a learning platform with various learning content. In **Asynchronous** learning, students and lecturers communicate regularly through the Discussion Forum and Independent assignments to monitor the progress of learning each period through Binus Maya (BIMAY). Technically, the Language Center also provides MOOC to enrich and improve students' understanding such as Academic Writing. Furthermore, Language Center also encourages students to participate in teaching programs, English Tutors. In this program, the students will receive training from lecturers before teaching in English teaching at the EESE program (Employability and Entrepreneurship Skill Enhancement).

Language Center also introduces a transformative language learning program through Digital Language Learning, called BeeLingua. Digital Language Learning is a language learning program with excellent characteristics such as structured, personalized, social, and synchronous. It allows the learners to learn a language in a fun and meaningful way. This Pilot Project will run for the School of Computer Science, and Faculty of Humanities (International Relations, Psychology, Business Law, Primary Teacher Education) for only BINUSIAN 2025. Language Center also provides Video-Based Learning (VBL) as more interactive content and education for all students. VBL can be accessed through the learning channel on the Language Center BINUS YouTube Channel. The materials in the Language Center microsite will help students to gather information and develop English literacy skills. For further information, please access the page www.lc.binus.ac.id or contact lcadmin@binus.ac.id.
