2. Undergraduate Program

2.1 Education System

2.1.1 Method of Education Delivery

The delivery of education services is carried out by using credits (sks) as a measurement of evaluating students' learning outcomes.

Credits are a way of organizing higher education programs to explain its academic weight.

The semester is a minimum period that describes the duration of the education program.

The General Objective of the credits (sks) method is to enhance the extent to which higher education can be developed. It involves the presentation of education programs that are flexible and more varied, gives greater opportunity to students when choosing programs, and focuses on planning a definite professional path.

The specific objectives are:

1. Allow the students who are clever and diligent to finish their study in a minimum duration.
2. Allow the students to choose the subject according to their interest, talent, and capacity.
3. Give the possibility to the execution of education system with plural input and output.
4. Facilitate the adaptation of the curriculum to the rapid development of knowledge and technology.
5. Enables the evaluation system of advance learning of the students could be conducted optimally.

Basic Characteristic of Credit is:

In the credit system, each subject has a weight, namely credits. The number of credits in subjects is various. It is determined by the effort to finish the tasks presented in the lecture program, job training, practical work, and other tasks. In the credit system, each subject is finished in one semester that lasts for 13 weeks (exclude mid-exam and final exam). In addition to quantitative valuation, credit system acknowledges that the finishing of the study unit could be valued quantitatively by giving a weight to the relevant unit.

At BINUS UNIVERSITY, one credit equals to 36-48 hours/semester. In the frame of a good result achievement, a student is expected to provide 50 minutes face to face for each credit per week, and at least one or two hours of self-learning. The recently mentioned time is provided to recite and explore the material that has been accepted in the course, for example: reading the textbook suggested, doing the task, etc.

One credit is made up of:

1. An academic hour of scheduled face to face learning in the classroom with education staff.
2. An academic hour of structured academic activity which is not scheduled but has been planned by education staff (lecturers), e.g.: review session or seminar.
3. An academic hour of independent academic activity like reading, summarizing, working on papers etc.

The delivery of education at BINUS UNIVERSITY is achieved through teaching materials, discussion, speeches, case studies, job training, practical work, and other student-centered teaching & learning strategies.

2.1.2 Examinations

The examinations which are conducted by BINUS UNIVERSITY consist of course examination and final project/thesis examination.

Course Examination

The examination for each course consists of two forms: Mid-term test (UTS) and Final test (UAS) that are conducted once each semester. The form of the examination is standard for all parallel classes with the evaluation system, as mentioned in 2.1.3. For the practical examination in the laboratory, the student must take both theory and practical tests.

Final Project/Thesis Examination

Students who finish the report for the final project or thesis take a final project and thesis examination. The mechanism for the final project and thesis examination follows the guidelines for the final project and thesis of each department.

Right to Take the Examination

The right to take the examination is given to students under the following conditions:

- Students are registered during the prevailing semester or academic year and are registered with the subject for that particular examination.
- Students are not on suspension or are taking academic leave.
- Students fulfill other academic requisites, e.g: frequency of attendance.
- Students fulfill all administrative and financial obligations.

2.1.3 Evaluation System

Final Term Grade Calculation in Undergraduate/Diploma Courses (NAS)

Table Calculation of Final Score of Theory Course (NAT)

Element				
NKK (Attendance)	TMK (Score of Assignment)	NMS (Score of Mid-term Test)	NUS (Score of Final Test)	NAT (Final Score of Theory)
0 %	20 %	30 %	50 %	100 %

Calculation of Semester Final Score (NAS)

There are two kinds of Calculation:

Subjects that have practical work:

Final Score of Semester (NAS) = (NAT x % Weight of Theory) + (NAP x % Weight of Practical Work)

Subjects that have no practical work:

Final Score of Semester (NAS) = Final Score of Theory (NAT)

Note: Semester Final Score (NAS) determines the grade for the subject.

The evaluation system that meets the objectives of the education program at BINUS UNIVERSITY Diploma/Undergraduate Program is an Absolute Evaluation System.

The Final Score for the semester is presented with the following Alphabetical Values:

Presented with the following Alphabetical Values:

Table of Grading System for Diploma and Undergraduate Program

Alphabetical Value	Weight	Final Score of Semester	Description
A	4	90 – 100	High Distinction
A-	3.67	85 – 89	
B+	3.33	80 – 84	
B	3	75 – 79	Distinction
B-	2.5	70 – 74	
C	2	65 – 69	Pass
D	1	50 – 64	Near Pass
E	0	0 – 49	Fail
F	0	-	Incomplete

2.1.4 Credits Load in One Semester

Study load in one semester can be determined by individual ability and by looking at the students' results from the last semester, which are measured by Semester Grade Point Average (IPS/GPS), or all of the semesters by Cumulative Grade Point Average (IPK/GPA).

Semester Grade Point Average (IPS/GPS) is counted as follow:

$$\text{GPS} = \frac{\sum (KN)}{\sum K} = \frac{\sum M}{\sum K}$$

Cumulative Grade Point Average (IPK/GPA) is counted as follow:

$$\text{GPA} = \frac{\sum M}{\sum L}$$

K = Number of credits taken in related semester

N = Weight of each subject taken

M = Conversion Value (K x N)

L = Number of pass credits

The following table explains the number of maximum credits that can be taken by students according to Grade Point Semester.

The Maximum Study Weight of Student for Regular Program Table

Semester	The Maximum credit that could be taken (Regular Class)
1	20 Credits
2	The distribution of subjects determines the Credit taken
3	
4	
5	
6	
7	
8 and on wards	10/19/23 Credits

Example of Calculation methods of Grade Point Semester and Grade Point Average:

Table Calculation methods of Grade Point Semester and Grade point average

SUBJECT	FINAL POINT	WEIGHT	CREDIT	CONVERSION
English	A	4	2	8
Character Building	A-	3.67	2	7.34
Linear Algebra	B+	3.33	2	6.66
Discrete Mathematics	B	3	2	6
Entrepreneurship	B-	2.5	2	5
Algorithm and Programming	C	2	4	8
General Management	D	1	2	2
Introduction to Financial Accounting	E	0	4	0
TOTAL			20	43
Number of passing credits: 18 credits GPS attained: $43 / 20 = 2.15$ GPA attained: $43 / 18 = 2.39$				

2.1.5 Foreign Language Scheme at BINUS UNIVERSITY

The Foreign Language courses at Bina Nusantara University is designed based on CEFR (Common European Framework of Reference). The diagnostic test for English language placement covers Reading, Listening, Structure and Written Expression skills called the Bina Nusantara University English Proficiency Test (BUEPT).

Binusian 2029 will learn the foreign language, such as English, Chinese, and Japanese in Beelingua. Beelingua is a digital language learning program with good characteristics such as structured, personalized, social, and gamified learning. In structured element, it provides the learners with multiple skill exercises, such as reading, listening, speaking, and writing. The progressive lessons enable the learner to improve the accuracy. The element of personalized learning allows the learner to achieve the learning goal in measurable time. The social element also empowers the learners to interact with their learning partner, such as the facilitators and other students. More than that, the element of gamification enriches the learner to have a fun and meaningful learning journey.

The course is non-credit earning type for non-literature department. For English Literature, Chinese Literature, and Japanese Literature, the students will receive credit transfer based on equivalent courses in Beelingua. The students are required to take BUEPT in Binus with a certain score and it will be categorized into different groups, namely group A (BUEPT score < 437), and group B ($437 \leq \text{BUEPT} \leq 520$), and student C ($\text{BUEPT} > 520$). For students who enrol in group A, B, or C, they will start different learning journey respectively in Beelingua. Every group must complete a minimum passing score in course mastery (66) at each level. The score will be converted to Binus score below. At the end of the course, students will receive a certificate of completion from Beelingua. The journey is started from the 1st semester and to be completed before enrichment.

All details of the score calculation is included in the Foreign Language handbook.

PREREQUISITE	JOURNEY	COURSE TITLE	GRADE	BINUS Score
BUEPT < 437	1	ENGLISH: A1.1 A1.2 A2.1 A2.2 B1.1 B1.2 B2.1 B2.2	A	90 – 100

*) Students with BUEPT > 520 can choose either journey 3, 4, or 5

*) Minimum completion score in course mastery: 66 (grade C)

Students must pass the course with a minimum grade of C.

2.1.6 Global Class Programs

BINUS Global Class is a program offered to selected students of BINUS UNIVERSITY. For Binusians 2029, Global Class is open for students majoring in:

Alam Sutera Campus:

- Computer Science
- International Business & Management
- International Relations

Global Class students are provided with an enhanced learning experience both inside classrooms and through extra-curricular enrichments. This is one of the main characteristics that separate Global Class from other programs. At least 90% of classes are delivered in English. For one semester during the 3rd year, Global Class students have an integrated study abroad with BINUS' partner universities across Asia, Europe, and Africa. The credits gained are automatically transferred to BINUS for the benefit of the students.

To prepare students before their study abroad departure, Global Class organizes a series of workshops to develop soft skills/ life skills needed during study abroad and upon graduation from BINUS. These compulsory workshops are conducted every semester, covering different topics. BINUS Global Class collaborates with global industries in Indonesia to invite speakers with extensive international exposure and also experienced trainers from BINUS. BINUS

Global Class students also have the benefit of having an industry visit and learning about the application of their major in the professional world.

In line with BINUS' vision, Global Class is designed to produce globally-minded graduates with the skill set and experience to succeed in the globalized environment of innovation and enterprise. Our approach is to immerse students in international learning environments and cultivate their skills to navigate the globalized world successfully.

2.1.7 Requirements and Regulations for the Evaluation of Students' Academic Progress

The following regulations should be applied for BINUSIAN in evaluating their progress in studying:

Year	End of Term	Minimum requirements for GPA and the number of credits earned		Students who cannot fulfil the minimum requirements will be given:
		GPA	Credits gained with grades A/A-/B+/B-/B/C/D	
			Regular Class	
1	1	≤2.00	≤15	A reminder letter which requires students to consult with a Counselor at the Student Advisory and Support Center for Kemanggisan, Alam Sutera, Senayan Campus and Student Advisory and Support for Bekasi Campus, Student Advisory and Development Center for Bandung, Malang, Semarang and Medan or Head of Department/Program
	2	≤2.00	≤30	A reminder letter which requires students to consult with a Counselor at the Student Advisory and Support Center for Kemanggisan, Alam Sutera, Senayan Campus and Student Advisory and Support for Bekasi Campus, Student Advisory and Development Center for Bandung, Malang, Semarang and Medan or Head of Department/Program
2	3	≤2.00	≤45	A reminder letter which requires students to consult with a Counselor at the Student Advisory and Support Center for Kemanggisan, Alam Sutera, Senayan Campus and Student Advisory and Support for Bekasi Campus, Student Advisory and Development Center for Bandung, Malang, Semarang and Medan or Head of Department/Program
	4	≤2.00	≤60	A reminder letter which requires students to consult with a Counselor at the Student Advisory and Support Center for Kemanggisan, Alam Sutera, Senayan Campus and Student Advisory and Support for Bekasi Campus, Student Advisory and Development Center for Bandung, Malang, Semarang and Medan or Head of Department/Program
3	5	≤2.00	≤75	A reminder letter which requires students to consult with a Counselor at the Student Advisory and Support Center for Kemanggisan, Alam Sutera, Senayan Campus and Student Advisory and Support for

Year	End of Term	Minimum requirements for GPA and the number of credits earned		Students who cannot fulfil the minimum requirements will be given:
		GPA	Credits gained with grades A/A-/B+/B-/B/C/D	
			Regular Class

Studying Success Evaluation of Three Successive Semesters

A student that is non-active in three successive semesters (i.e. without submitting any formal leave application) is not allowed to continue his/her studies at BINUS UNIVERSITY.

Table of Prerequisites

The students must pass all courses which are stated in the table of prerequisites with the minimum score required is D (for certain department, the minimum score required is C).

Quality Controlled Courses List

The quality control course list represents the course of the graduate competencies. Tutorial and Multi-paper examination must be maintained, therefore learning outcomes achieved.

Tutorial and Multi-paper Examination

- Students must attend tutorial courses and multi-paper exams, which are stated in the Quality Controlled Courses List.
- For leave or remedial students, they do not require to follow the tutorial, but they are still required to follow multi-paper exams.

Study Completion Requirements for Diploma Programs (DIV) and Undergraduate Programs (S1)

Students must fulfil the following requirements:

- Pass the final examination of the final project/thesis and submit the hard-bound copy.
- Obtain a minimum of 146 cumulative credits (including the thesis) for Undergraduate Programs, or a minimum of 110 credits (including the final project) for Diploma Programs. Double-major programs follow their own specific regulations. Unless stated as elective courses, all courses are compulsory.
- Achieve a minimum GPA of 2.00 and complete all compulsory courses.
- Pass all courses included in the Quality Controlled Courses (PM) category.
- Have no outstanding financial, library, or administrative obligations.

2.1.8 Curriculum in Undergraduate Programs

a. 3+1 Curriculum

Since the academic year of 2014/2015, BINUS UNIVERSITY has implemented a 3+1 curriculum that allows students to have a one-year enrichment program. The program consists of two semesters with varying credits from 8 to 20 credits per semester. Nowadays, students may choose one of the seven tracks, namely 1) Company Internship Track; 2) Entrepreneurship Track; 3) Community Impact Internship Track; 4) Research Fellowship Track; 5) Study Abroad Track; 6) Specific Independent Study Track; 7) Further Study Track. The Further Study Track is available for students who would like to pursue a master's degree in Binus University. By the end of each semester, students will submit an enrichment report and an assessment related to technical competencies and soft skills in their disciplines.

b. 2+1+1 Curriculum

In addition to the 3+1 curriculum, BINUS UNIVERSITY has implemented a 2+1+1 curriculum that offers Mobility Program for undergraduate students who have similar study programs in BINUS @Greater Jakarta, BINUS @Bandung, BINUS @Malang, BINUS @Semarang and BINUS @Medan. It allows students to have a two-year study in the home campus, one-year mobility program in the host campus and one-year enrichment program. In this regard, students at BINUS @Bandung, BINUS @Malang, BINUS @Semarang or BINUS @Medan will be able to study at BINUS @Greater Jakarta, and vice versa. The curriculum is personalized, meaning that students are free to choose streaming, or Minor Program, or Free Electives.

2.1.9 Streaming

Streaming is a specific course in a study program that represents the needs of industry and the latest developments in science and technology. Each streaming has its advantages / uniqueness to deepen its Major. Students can choose all streams in the same study program in Jakarta, Malang, and Bandung, so it will determine which city the student will visit when taking the streaming.

2.1.10 Minor Program

Minor programs equip students with multidisciplinary knowledge and skills (not necessarily within the same Faculty/School). Each Minor has student outcomes according to its superiority/uniqueness to expand what has been achieved in the Major. Minor programs can be chosen by all Binusians on all campuses. Minor program has its own uniqueness according to its Binus campus location, so that students' minor choice will determine the city that they will visit.

The minor programs can change anytime based on the trends of knowledge and industry each year. Students will receive information about the updated minor programs during the registration period.

1. Minor Program: Blockchain Technology and Business

Introduction

Blockchain is currently one of the fastest-growing industries in the technology sector. Also, based on Gemini's 2022 outlook, Indonesia is the most crypto-adopting country in Asia. The blockchain minor program initiative at BINUS could facilitate the students to learn and explore the technology. The Blockchain minor program explores the concept and development of blockchain from the technology and business perspectives. Beyond the blockchain concept, students will learn how to develop smart contracts and understand the architectural needs of a blockchain-based application. Finally, students will apply their knowledge in a project-oriented capstone course, during which they will design and develop a practical application of blockchain technology.

Career Options

Blockchain Consultant, Blockchain Architect, Blockchain Security Auditor, Token Economy Consultant, Smart Contract Developer, Web3 Entrepreneur.

2. Minor Program: Creative Digital Storytelling

Introduction

Digital storytelling, by definition, is the process of telling a story using video, images, audio, music, geospatial applications, and any other digital media. Thus, this minor introduces the concept and skills in producing and communicating videos, images, and texts through English. It is interdisciplinary in its nature and relies heavily on critical and analytical thinking. It also aims to familiarize students with the technology/ tools needed to adapt a literary work to another form or vice versa. It is the minor that blend perspectives of arts with humanities to facilitate new interpretation of literary works.

Career Options

Social Media Content Creator; Digital Storyteller; Brand Designer; Digital Storytelling News Editor; Social Media Specialist; Digital Associate; Video Editor; Content Creator; Content Creator; Scriptwriter; Fiction writers; Non-Fiction Writers; Copywriter; Social Media Specialist.

9. Minor Program: Interactive & Users Experience Design

Introduction

In today's digital era, people are competing to produce the best digital products that suit the users' needs. How can we make this happen? Minor Interactive & User Experience (UX) Design is the answer. In this Minor program, students will learn about the basics of UX starting from finding, designing, and building a digital product that is in accordance with a good UX concept to ensure that the digital products produced have adopted the UX theory. In this minor program, students will study UX from 3 (three) main pillars of UX, namely Information Systems, Psychology, and Design through 6 (six) subjects that can be selected.

Career Options

UX Researcher, UX Designer, Usability Analyst, Information Architect, Interaction Designer, Visual Designer, Content Strategies

19. Minor Program: Immersive Journey to Japanese Language and Culture

Introduction

Immersive Journey to Japanese Language and Culture Minor program is focused on the basic learning of the Japanese language (equivalent to N5 or corresponding to CEFR levels A1 to A2). This includes an understanding of Japanese characters (Hiragana, Katakana, basic Kanji) and grammar. Additionally, it encompasses the comprehension of reading and listening skills in Japanese, covering vocabulary, phrases, and simple sentences. This program also includes the development of basic writing and speaking skills in Japanese.

Upon completion of this minor, students will be prepared to read Japanese written in Hiragana, Katakana, and basic Kanji, as well as understand everyday conversations in the Japanese language. Subsequently, students will be equipped to engage in basic-level Japanese speaking and writing.

The outcomes of this minor, built upon a foundation of basic Japanese language proficiency, will benefit students who plan to study abroad in Japan, travel to Japan, or pursue interests and hobbies related to Japan.

Career Options

Working in Japan, either in Indonesia or Japan, in the following fields as Consultant, Front Office, Tour Guide, Secretary, Finance, HR, Industry Creative (Content creator, dubber, cosplayer).

Additional Information

Open a maximum of 2 classes per batch per semester, with each class accommodating up to 30 students.

The details of Minor Schemes and Minor Courses may vary among study programs. Please refer to curriculum.binus.ac.id for the latest information.

2.1.11 Free Electives

Free electives facilitate students to take any courses from the existing fields of studies based on individual preferences. Free electives are personalized based on student choices. Free Electives have student outcomes related to interdisciplinary knowledge and skills and they have no specific Learning Outcomes. Each campus has its own free elective courses to facilitate the mobility of students who want to take free elective courses. The subjects offered for free electives are grouped based on its own field of subjects (e.g., Humanities, Engineering, Economy, Social Politics, Life Science, Arts, etc.) on each campus. The lists of free electives will be updated on curriculum.binus.ac.id.

The placement for Binus @Malang, Binus @Bandung, Binus @Semarang and Binus @Medan students will be adjusted based on the number of students at Binus University Jakarta (Host Campus).

2.1.12 Enrichment Program

Considering the urgency of the enrichment program to achieve learning outcomes, all courses in the enrichment program become one entity. It means that if there is one or more than one failed courses in the enrichment program, the whole courses in enrichment program will also be failed.

Company Internship Track:

The industrial experience track aims to facilitate students in the real industrial setting. By following this track, students will work full time and have exposure to the industrial experience in multinational or top national companies where they have job tasks related to their study programs. The assessment for this track will involve both industry supervisor and faculty member supervisor to assess students' performance. Through this program, students will also have opportunities for future employability/job offers, talent grooming (e.g., MT Program, LD Program).

Entrepreneurship Track:

This track provides students with real experiences to become entrepreneurs through business start-ups. Students will come to the office at BINUS Campus from 09.00 – 18.00 from Monday to Friday. The Office will be supported by Coaches, Content & Administration Officers, and Program Officers. In this Entrepreneurship track, students create prototype products that will monetized and supported internally with links to industry within the program. External supports will be provided by Mentors from industry related to the business Start Up.

Community Impact Internship Track:

Community Impact Internship is a program conducted by students to achieve the 5th mission of BINUS UNIVERSITY: to improve the quality of life of Indonesian and global community. These initiatives include: 1) Scheduled Voluntary Services incorporated in a Company's Corporate Social Responsibility (CSR) or a Social Foundation's Program; and

2) Community Development activities to improve the community's ecosystems. In addition to utilizing their knowledge to design and implement a system in communities (excerpted from their technical competence and soft skill), students will have direct interaction with local people as well as enjoy the opportunity of living in with them.

Research Fellowship Track:

This track allows students to get involved in conducting research related to the study program scope. The student will become a junior researcher in a research team. The research itself can be conducted in BINUS or outside BINUS (e.g., government research institution, R&D unit in a company). Students can start from writing a research proposal or jump directly into an ongoing research activity in that institution (not necessarily developing a research proposal).

Study Abroad Track:

This track offers opportunities for students to have study experience in foreign countries. Courses that are taken by students are transferred directly to the respective courses in BINUS transcripts. Through this track, students will gain exposure to international experience, such as personal development, academic development, and cultural value.

Specific Independent Study Track:

This track allows students to have the freedom to learn outside the university where they will be equipped with knowledge and skills to develop an agile mindset, competitiveness, and adaptability. Students will receive certification to strengthen industry 4.0 skills and enhance the relevance of university with the industry. Furthermore, they will be able to learn from industry experts who share practical and real experience, and they will engage in project-based learning to improve their skills.

Fast Track:

This track enables students who meet the specified criteria, such as GPA of 3.25 and above, no retaken courses, and completion of an enrichment program in semester 6, to directly continue their master's degree at Binus University. Through this track, students can complete their undergraduate and graduate programs in only 10 semesters (5 years). At the end of the studies, students will be able to improve their knowledge and skills to launch their own business or become competent graduates who work in national or global companies.

2.1.13 Final Project/Thesis

To finish the Diploma/Undergraduate program (S1) at BINUS UNIVERSITY, students must be capable of compiling and presenting their thesis to the examiner. The thesis compilation must be relevant to the rules of the department. It must be conducted by the individual, guided by a supervisor that is appointed by the head of the department or study program.

For students who take enrichment program I & II with a total of 40 credits in two semesters, if they fulfil the requirements from the study programs or programs, such as minimum GPA, they will be able to take pre-thesis with enrichment I and thesis with enrichment II. This scheme allows students to finish their undergraduate studies in 7 semesters (3.5 years). Since the minimum GPA requirements vary across schools/faculties, students should seek information from their respective programs or programs for further information regarding the pre-thesis and thesis implementation.

2.1.14 Academic Title

Students have the right to carry the academic title from BINUS UNIVERSITY if he/she has fulfilled the requirements to attend graduation. The title given is adapted to the rule of the government.

2.1.9 Students Support Facilities BINUS

A. Student Advisory and Development Services BINUS @Greater Jakarta

1. Student Advisory and Support Center (SASC)

For most high-school graduates, studying at university is a brand new experience. Students need to be independent and self-motivated. To overcome these differences, BINUS UNIVERSITY established the Student Advisory in all campus. SACS in Kemanggis, Alam Sutera, Senayan and Bekasi to provide support for students in their new academic journey so that they can adapt and graduate on time.

As a centre, the SASC consists of three services: Counselling, Mentoring, and Disabilities Services Department.

- Counselling services aim to help students who had problems related to the academic and non-academic/psychological fields that can interfere with their study at BINUS University. Services are provided for students and parents through individual counselling and specific programs as needed. Students who involve in these programs are expected to experience an increased feeling of psychological well-being, which able them to achieve optimal academic performances.
- Mentoring services provide learning facilities for students such as mentors, tutors, modules and learning environments to support students to learn creatively. Mentoring creates a learning community which managed by students and staffs so that students can achieve optimal performance.
- Disability Services Department is a special section that serves students with a disability who need assistance related to their particular needs in studying. This service is also helping students with special needs to be able to take part in the teaching and learning process at BINUS University optimally according to their potential. The Disability Services Department is only available at BINUS Kemanggis.

All of SASC departments are dedicated to ensuring all BINUS UNIVERSITY students to be successful in their academic pursuit through advisory activities.

2. Student Involvement Center

Student Involvement Center (SIC) is a part of student services in the coaching and development of student organizations such as **Student Associations** and **Student Activity Units**. In addition, we also designed a number of student events such as **Appreciation Day** every year (the awarding of BINUSIAN who had successfully achieved achievements in international and national level competitions). For sports competition activities, we hold **Rector Cup** every year in collaboration with student organization, faculties or departments to send participants to compete in BINUS regional friendly competitions. And there are still several other student programs that can support students gain experience in self-development.

3. Student Development Center

Student Development Center (SDC) is one of supporting units at BINUS University, that facilitates students to improve their soft skills, especially the development of BINUS Graduate Attributes. SDC provides comprehensive programs to support students in optimizing their skills to meet the dynamic needs of industry, while the students are studying at BINUS University.

SDC provides various seminars, talkshows, trainings, workshops, campus activist development programs (such as for Mentors, First Year Program Leaders, Freshmen Leaders, Freshmen Partners, Student Organization Members & Committee, Associate Trainers, etc.), as well as other development programs.

4. Student Support Office

Student Support Office (SSO) is one of the support units at BINUS University and is part of student services in training and development of student organizations such as the Student Association (HMJ) and Student Activity Unit (UKM)- accompanying students in developing soft skills, including the development of BINUS Graduate Attributes.

SSO provides various seminars, talk shows, training, workshops, campus activist development programs (Mentor, First Year Program Leader, Freshmen Leader, Freshmen Partner, Activist and Student Organization Administrator, Associate Trainer, etc.), as well as various other student development programs. And there are several other student programs that can support students in gaining experience in self-development.

5. Teach For Indonesia

- **About us**

Teach for Indonesia (TFI) encourages the development of education and community expertise to be accessible for everyone, and we are contributing to support our community with the opportunity to maximize their potential to excel in the future years by organizing: tutoring program, workshop event, certification training and scholarship, and many more.

- **Why volunteer?**

Our community service programs are based on volunteerism and donation from the community. In addition, as a non-profit organization, we believe that full transparency of our expenses is essential. All of the donations and contributions that we receive from individuals, groups, and organizations, will only be used for the realization of our program.

- **Sustainable**

Our commitment is to be consistent in our principles and values of our program and activity. We are concerned and aware of the difficulties to access formal education for some people; and so, we provide community care program and training in order to improve the quality of life of Indonesians. Furthermore, we need your participation to help and support us to accomplish our objectives.

- **Community Development and Mentoring**

Education is the first step to broaden our horizons and knowledge of the world. For that reason, TFI always begins its programs with education as the fundamental basis of the community development.

- **Transparency**

TFI is an organization for everyone who has an initiative and a commitment to create a better living environment and improve quality of life for Indonesians through informal education. We have a responsibility to maintain our bond with our community and appreciate every contribution and commitment that we receive. Please be informed that all of our project activities and expenses can be tracked through our website at www.teachforindonesia.org, and we are going to keep you updated.

B. Student Advisory and Development Services BINUS @Bandung

1. Student Advisory and Development Center (SADC)

SADC is one of the support units at Bina Nusantara @Bandung which has a role to assist students in developing their potential. The goals of SADC are:

1. Providing support and services for students (academic and non-academic)
2. Increasing students' employability skills
3. Coordinating various activities to help students from the first year until graduating from college
4. Fostering student organizations in order to develop organizational activities

➤ Student Advisory

For students who need assistance to support successful learning during college, several services are available:

a) Counseling

Counseling services, both in academic and non-academic fields that can interfere with their study at BINUS University. Services are provided for students and parents through individual counselling and specific programs as needed. Students who involve in these programs are expected to experience an increased feeling of psychological well-being, which able them to achieve optimal academic performances.

b) Monitoring and Evaluation

- Student Advisory will observe Students academic achievement, based on the GPA and Credit achieved in each semester.
- Minimum GPA is 2.00 in each semester, and cumulative credits achieved is multiple 15 credits per semester.
- Minimum grade should be achieved by students, otherwise Student Advisory will send Academic Deviation Warning Letter (SPPPA).

c) Mentoring

Mentoring services provide learning facilities for students such as mentors, modules and learning environments to support students to learn creatively. Mentoring Program is available for all students who need enrichment in specific subjects. Students who get under targeted GPA and Credit Cumulative per semester will automatically registered in this program. Students who have enough grades but require assistance in order to get better grades need to contact Student Advisory Officer to get a seat.

➤ Student Activity & Development**a) Student Development**

Students who want to develop their personal skills can participate in various activities, such as:

- Training: provides a variety of self-skills development training, both academic skills and employability skills.
- Campus activist development program (Mentor, Freshmen Leader, Student Organization Management).

b) Student Club & Activity

Is a part of students' services in accommodating student's clubs and activities in terms of coaching in improving students' leadership and management skills through various activities. Assisting, controlling, and evaluating student organizations both on Student Association and Student Activity Unit.

C. Student Advisory and Development Services BINUS @Malang**1. Student Development Center (SDC)**

SDC is one of the support units at Bina Nusantara @Malang which has a role to assist students in developing their potential. The goals of SDC are:

1. Providing support and services for students (academic and non-academic)
2. Increasing students' employability skills
3. Coordinating various activities to help students from the first year until graduating from college
4. Fostering student organizations to develop organizational activities

SDC provide two support services units, namely: Student Advisory & Support and Student Activity & Development.

➤ Student Advisory & Support

For students who need assistance to support successful learning during college, several services are available:

a. Counseling

- Counseling services, both in academic and personal problems which hindering students' potentials to get higher academic achievement.
- Counseling services are provided to both students and parents.
- Student Advisory also provides counseling and support services for disability students.

b. Monitoring and Evaluation

- Student Advisory will observe Students academic achievement, based on the GPA and Credit achieved in each semester.
- Minimum GPA is 2.00 in each semester, and cumulative credits achieved is multiple 15 credits per semester.

Student Club & Activity is a part of students' services in accommodating student's clubs and activities in terms of coaching in improving students' leadership and management skills through various activities. Such as: Leadership Training, Student Competitions, and Community Development.

E. Language Center

Language Center prepares first-year students so that they can improve their language skills and communicate effectively. In addition, students will also be supported by an EESE (Employability and Entrepreneurial Skills Enhancement) program in English in accordance with the applicable context and more communicative setting. The aim is to improve verbal and nonverbal communication skills in a formal manner.

The interactive English learning process includes **Synchronous and Asynchronous**. **Synchronous learning involves** the use of online media for video conferencing such as Zoom and Microsoft Teams. In addition, Binus Maya Learning Management System (BIMAY LMS) serves as a learning platform with various learning content. In

Asynchronous learning, students and lecturers communicate regularly through the Discussion Forum and Independent assignments to monitor the progress of learning each period through Binus Maya (BIMAY). Technically, the Language Center also provides MOOCs to enrich and improve students' understanding such as Academic Writing. Furthermore, Language Center also encourages students to participate in teaching programs, English Tutors. In this program, the students will receive training from lecturers before EESE program (Employability and Entrepreneurship Skill Enhancement).

Language Center also provides Video-Based Learning (VBL) as more interactive content and education for all students. VBL can be accessed through the learning channel on the Language Center BINUS YouTube Channel. The materials in the Language Center microsite will help students to gather information and develop English literacy skills. For further information, please access the page www.lc.binus.ac.id or contact lcadmin@binus.ac.id. For Beelingua services, please contact admin.beelingua@binus.edu.
