

Business Management

Introduction

In facing rapid growth in the service business in the global market, especially in the fields of e-commerce, marketplace, and supply chain, it is necessary to provide graduates to fill the growing demand for professionals in the service business which is equipped with higher cognitive skills and social and emotional skills. In connection with that, Business Management Program provides its students with a suitable curriculum to deal with these challenges. The Program has had international business school accreditation (AACSB) and national BAN-PT

'UNGGUL' accreditation. The Program equips the students with knowledge and expertise in management concepts, creative thinking and entrepreneurial skills, global mindset, ethics and digital service and supply chain management. The uniqueness of this program is strengthening the students with "service business and supply chain". The service and supply chain will be crucial future competencies for any company, namely the competencies in developing integrated solutions for customer problems (service orientation), including managing the internal and external parties (supply chain) and use of the latest technology in the process (digital). Therefore, these competencies will be a key competitive advantage for any company. The students will also get updated knowledge and experience from industries and soft-skills training/workshops that enable them to survive and expand their capacity. The teaching-learning process is carried out through a variety of teaching-learning strategies encompassing business case studies, business simulations, laboratory, collaborative learning, international guest lecturer, industry visit, role-playing, free-elective course and enrichment program or KAMPUS MERDEKA.

Vision

A world-class business school, fostering and empowering the society in serving and building the nation.

Mission

Providing world class business education to build the nation and to contribute to community development by means of:

Prospective Career of the Graduates

Graduates of the Business Management Program will have prospective careers, particularly in e-commerce development, business development, logistics/supply chain analysis, procurement/purchasing analyst, business analyst, human resource development, business consultant, and service provider (solopreneur). The graduates also have competency in carrying out the transformation from a conventional business to a service business as a business (servitization) analyst.

Curriculum

The curriculum of the Business Management Program has been designed to meet today's global business challenges, especially in the service business by embedding 50% of general competencies (management concepts, creative thinking and entrepreneurial skills, global mindset, and ethics) and 50% of specific competencies (service business and supply chain). The curriculum also encompasses 70% of class-based learning and 30% of real practices. Class-based learning (face-to-face and online/GSLC) will be delivered in semesters 1-5. In semester 5, the students will also get 10 SCU (SKS) for free elective courses namely the courses that can be elected by students according to their interest from all courses offered by all programs (outside Business Management Program) at BINUS University. In semesters 6-7, the students will get an enrichment program (3+1 Program) with 9 tracks (internship, research, entrepreneurship, community service, study abroad, micro-credentials, certifications, industry course, and further study) and KAMPUS MERDEKA. In semester 8, the students must complete their thesis (survey/SLR/ publication/business case/problem solving). In the program, the on-time study is 4 years or 8 semesters. The students will be able to graduate faster (3.5 years or 7 semesters) if their minimum GPA is 3.00 by completing their thesis in semester 7. The teaching-learning process is delivered in Indonesian, but some courses are delivered in English (3 dinE courses). In developing the student's global mindset, the program provides study abroad, international lectures, student exchange or mobility (IISMA), dinE courses, and international certifications. The international certification tracks consisted of sustainability management, service management, retail management, and logistics/supply chain management. The Program's curriculum used international standards (AACSB) and collaborated with foreign universities, business associations, and industries.
